Oresteia Anne Carson:

An Oresteia Aeschylus, Sophocles, Euripides, 2009-03-31 A Bold Iconoclastic New Look at One of the Great Works of Greek Tragedy In this innovative rendition of *The Oresteia* the poet translator and essayist Anne Carson combines three different visions Aeschylus Agamemnon Sophocles Elektra and Euripides Orestes giving birth to a wholly new experience of the classic Greek triumvirate of vengeance After the murder of her daughter Iphigenia by her husband Agamemnon Klytaimnestra exacts a mother's revenge murdering Agamemnon and his mistress Cassandra Displeased with Klytaimnestra's actions Apollo calls on her son Orestes to avenge his father's death with the help of his sister Elektra In the end Orestes driven mad by the Furies for his bloody betrayal of family and Elektra are condemned to death by the people of Argos and must justify their actions signaling a call to change in society a shift from the capricious governing of the gods to the rule of manmade law Carson's accomplished rendering combines elements of contemporary vernacular with the traditional structures and rhetoric of Greek tragedy opening up the plays to a modern audience In addition to its accessibility the wit and dazzling morbidity of her prose sheds new light on the saga for scholars Anne Carson's *Oresteia* is a watershed translation a death dance of vengeance and passion not to be missed

Reach without Grasping Louis A. Ruprecht Jr., 2021-11-17 Anne Carson b June 21 1950 in Toronto Canada is one of the most versatile of contemporary classicists poets and translators in the English language In *Reach without Grasping* Louis A. Ruprecht Jr. explores the role played by generic transgressions on the one hand and by embodied spirituality on the other throughout Carson's ambitious literary career Where others see classical dichotomies soul versus body classical versus Christian Carson sees connection Like Nietzsche before her Carson decries the images of the Classics as merely bookish and of classicists as disembodied intellects She has

brought religious bodily erotics back into the heart of the classical tradition

How Greek Tragedy Works Brian Kulick,2020-12-30 How Greek Tragedy Works is a journey through the hidden meanings and dual nature of Greek tragedy drawing on its foremost dramatists to bring about a deeper understanding of how and why to engage with these enduring plays Brian Kulick dispels the trepidation that many readers feel with regard to classical texts by equipping them with ways in which they can unpack the hidden meanings of these plays He focuses on three of the key texts of Greek theatre Aeschylus Agamemnon Euripides The Bacchae and Sophocles Electra and uses them to tease out the core principles of the theatre making and storytelling impulses By encouraging us to read between the lines like this he also enables us to read these and other Greek tragedies as artists manifestos equipping us not only to understand tragedy itself but also to interpret what the great playwrights had to say about the nature of plays and drama This is an indispensable guide for anyone who finds themselves confronted with tackling the Greek classics whether as a reader scholar student or director Classical Reception Anastasia Bakogianni,Luis Unceta Gómez,2024-07-22 In a time of acute crisis when our societies face a complex series of challenges race gender inclusivity changing pedagogical needs and a global pandemic we urgently need to re access the nature of our engagement with the Classical World This edited collection argues that we need to discover new ways to draw on our discipline and the material it studies to engage in meaningful ways with these new academic and societal challenges The chapters included in the collection interrogate the very processes of reception and continue the work of destabilising the concept of a pure source text or point of origin Our aim is to break through the boundaries that still divide our ancient texts and material culture from their reception and interpretive communities Our contributors engage with these questions theoretically and or through the close examination of cultural artefacts They problematise the concept of a Western elitist canon and actively push the geographical boundaries of reception as both a local and a global phenomenon Individually and cumulatively they actively engage with the question of how to marshal the classical past in our efforts to respond to the challenges of our mutable contemporary world

Women Experimenting in Theatre Kate Aughterson,Deborah Philips,2024-11-14 This collection of essays covering a broad historical range shows that women working in theatre and drama since the time of Aphra Behn have been engaged in pushing the boundaries of conventional representation and dramaturgical convention Collectively the authors show that women have used performing spaces as a channel for both political and personal radicalism one that has demanded and celebrated experimentalism as a kind of survival in a male dominated world

Thinking with Classical Matter Miriam Leonard,Tim Whitmarsh,2025-02-27 What is classical culture for Thinking with Classical Matter brings together leading experts from across the humanities and as a whole celebrates the career of Simon Goldhill in order to consider the place of the Ancient Greco Roman world in the formation and formulation of different orders of knowledge Since at least the eighteenth century the study of Greece and Rome has played a pivotal role in both the institutional and intellectual partition of disciplines from philology to theology aesthetics to anthropology Such

regimes of knowing however are also materially embedded The knowing subject is at the same time a gendered body and the objects of knowledge are also their subject Thinking with Classical Matter explores these questions from a wide range of theoretically informed perspectives and shows how the ancient world continues to prompt some of the most pressing questions in the humanities today
