Adam's Karate Dictionary: A Professional Glossary of Shotokan Terms Adam Dobrzynski, 2023-10-27 This heavy duty Sh t kan encyclopedia dictionary lexicon glossary and linguistic tool Teaches how to analyze and understand karate vocabulary Breaks the Karate terms into their building blocks and puts an emphasis on the basic main building blocks of the karate language Systematically analyses over a 100 of basic Karate Kanji for deep understanding of the terms names and concepts Corrects many conceptual and linguistic common mistakes Provides links between different Karate expressions Presents different translations from Japanese to English Presents different Japanese writings Includes phonetic spelling Refers to important sources Addresses the Chinese origins Includes Comprehensive index Includes Wide ranging bibliography Includes 500 values 1 800 cross references 175 kanji Includes special bonuses Perfect for both beginners and senior instructors Perfect for English speakers Perfect for a clearer and deeper understanding of the Karate vocabulary substantively and linguistically More information This robust Karate lexicon of over 500 carefully selected representative values and references Key words core commands and general vocabulary such as postures stances Kata names techniques moves thrusts punches strikes blocks kicks body parts styles people places and other topics related to traditional Japanese Sh t kan Karate and other Funakoshi Karate organizations such as Shotokai A perfect gift for your Karate instructor fellow Karate practitioners or your Karate students Language English Paperback 325 pages Item Weight 1 25 pounds Dimensions 7 x 0 74 x 10 inches Presentation Karate jargon is integral to everyday practice Without solid understanding of the Karate vocabulary it is easy to fall into technical and conceptual errors The purpose of this Shotokan dictionary is to bring the reader closer to the Karate terminology we so often use but so rarely explore This book can be described as a Japanese English Shotokan dictionary as well as a heavy duty professional glossary of Karate terms related to Funakoshi styles It can also be defined as a Shotokan encyclopedia or as a Karate lexicon which focuses on the linguistic aspects of Karate phrases Through the language we dive into Karate itself Although planned for senior Karate instructors absolute beginners may also benefit from this Karate wordlist As for its content the main goal naturally is to translate from Karate language to English

The book offers various English definitions of the Japanese technical terms making it a powerful Japanese English dictionary of the terms used in Karate. Sometimes the Karate meaning does not overlap with the general meaning of a word. If the common or general Japanese translation of a Karate term may be relevant we bring it as well. It was Seneca who said: If one does not know to which port one is sailing, no wind is favorable. If we were to achieve a high standard of execution, we cannot afford not to understand literally the Karate commands. A clear understanding of the Karate terms is indispensable. Breaking down Karate expressions into their building blocks does seem to achieve a deeper understanding of them. This Karate glossary puts a special emphasis on the important Kanji, including thorough Kanji analysis and relevant cross references. Deep meanings of important Shotokan expressions are sought and their links to other Karate words are drawn. In our opinion, the references are this book's greatest virtue, and we urge our dear readers to be diligent and to follow them, especially when it comes to the Kanji that compose the value. A large part of this Shotokan glossary is devoted to pronunciation issues. This Karate wordbook presents different Kanji readings, which may be very important in the case of several terms that have a common Kanji. Critical phenomena in Japanese phonology, such as the rendaku rules, are addressed too. Besides transliterations of Japanese and Chinese into the Latin alphabet, romanization, R-maji, the advanced user will find logographic Kanji and syllabic Kana. Often alternative writings are presented so the reader can make better use of other sources, especially Japanese sources.

Introduction: During a Gasshuku training camp that took place in Israel in 2022, Yaniv Murciano Sensei was correcting his disciples. Kank dai: Talking about the finishing double kick, he asked everyone what Nidan geri means. When the practitioners said that it means a double kick, the Sensei's response was: You should kick twice, not once. Indeed, Nidan geri p. 184 is not Tobi geri p. 245. The former is less about flying. The name reminds us to perform the technique better. Our words affect our insights, and our perceptions determine the words we are using.

FUNAKOSHI Sensei and other masters had profound knowledge, not only of the Chinese classics and the Japanese culture, but also of the Japanese language.

ii The names that we use in our Karate trainings were not chosen lightly, nor accidentally. As for us, those names have great significance. What's in a name? That which we call a rose by any other name would smell as sweet, says Juliet in William Shakespeare's *Romeo and Juliet*. In Karate's case, we humbly prefer Confucius's approach. In the words of the Chinese philosopher Feng Youlan (1895-1990):

iv Every name possesses its own definition, which designates that which makes the thing to which the name is applied be that thing, and no other. In other words, the name is that thing's essence or concept. What is pointed out by the definition of the name, ruler, for example, is that essence which makes a ruler a ruler. In the phrase: Let the ruler be ruler, etc., the first word, ruler, refers to ruler as a material actuality, while the second ruler is the name and concept of the ideal ruler. Take the example of the name Jitte p. 111. If a day comes when they debate about how many hand movements there are in the opening of the Kata, the name of the Kata will be there to help. Some are going to realize that there are Ten Hands, meaning ten palm strikes up to the first Kiai; this understanding will derive from the name of the Kata.

Some of the ten hand strikes are simultaneous So the right answer they will hopefully conclude is three But why Japanese one asks You can say Double Kick or Ten Hands in any language First it is a tradition Second we feel connected to something bigger than our D j v And indeed in mutual training correspondence etc we can communicate well with people that do not speak our language The Japanese parts of our Karate pidgin are a common ground But most importantly studies show that language influences the way we think vi The Chinese philosopher Dong Zhongshu 179 104 BC used etymology as a hermeneutic tool vii The present generation is ignorant about human nature giving various teachings about it Why do they not try to examine the name nature Does not the name nature x ng mean birth sh ng The capacity that one naturally has at birth is what is called the nature The nature is one s mere potential Accordingly if we want to understand what it means to be a warrior we should look at the Kanji for warrior That is what the Chinese King Zhu ng of Ch 7th century B C did The Kanji for warrior is p 45 If one looks carefully one can see that this Compound Logogram is composed of the Radical p 271 which could mean to stop just as in our yame p 270 and from the Stem dagger axe We should never look at the command Yame in the same way again Putting an end to violence is indeed the highest level of the art of war that was the King s conclusion based on the Logogram viii ix For us the language and the Sino Japanese Logograms are indispensable for understanding Karate from technique to spirit The back cover text Front cover Sh t kan symbol s ancient forefather Karate is analogous to a tree We are sitting on a very high branch Sometimes we are looking down at the stem beneath us and sometimes not Anyways the important and interesting things are in the roots which are invisible to the average instructor We do not even know where our symbol came from In all my writings including the dictionary you are holding I do my best to shed light on those roots Here we try to get a clearer and deeper understanding of linguistic aspects I hope you will find this book informative and useful and wish you a pleasant read Adam Dobrzy ski TAGS JKA gift Shotokan gift Karate gift Shotokan basics Shotokan textbook Karate terminology Karate vocabulary Karate lexicon Japanese encyclopedia terminology vocabulary language jargon lexicon karate basic words karate advanced terms karate basic terms key words and commands shotokan key terms *The Second 100 Chinese Characters: Traditional Character Edition* Laurence Matthews, Alison Matthews, 2007-06-15 This book is a quick and easy way to learn the second 100 basic Chinese traditional characters The major struggle facing all beginning Chinese language students is to learn to recognize read and write hundreds of Chinese characters A working knowledge of characters is essential for any student wishing to learn Chinese The Second 100 Chinese Characters adopts a structural approach that helps students to overcome this initial difficulty and quickly master the basic Chinese characters that are fundamental to this language This book contains characters that have been carefully selected and sequenced for rapid and effective learning For effective learning memorization and practice each Chinese character is shown separately on a single page together with its English definitions hanyu pinyin romanization alternate form if any a stroke order guide and ample space for writing practice The stroke order guides introduce the student to the standard stroke

sequence used in writing the characters by tracing over them After learning the correct stroke order the student can then practice writing the character on their own thus reinforcing recognition and memorization Large boxes with grid lines for correct proportions are provided Related compounds and phrases containing each character are also included to assist in vocabulary building Three indexes alphabetically by the English meanings and the pinyin romanization and by radicals are provided at the back of the book for quick and easy reference along with extra sheets of blank boxes for writing practice This book features The second 100 most frequently used Chinese characters Foundation characters for the HSK A level language proficiency test Standard hanyu pinyin romanizations Step by step stroke order guides and ample space for writing practice Over 500 words and phrases containing the basic characters Concise English definitions **The Language Educator** ,2007

freehand writing practice The meaning and pronunciation are given along with the critical vocabulary compounds and an example sentence Review exercises reinforce the learning process and an index at the back allows you to look up the characters according to their English meanings or romanized Hanyu Pinyin pronunciation Key features of this Chinese workbook include Designed for HSK Level 1 and AP exam prep Learn the 178 most essential Chinese characters Example sentences and over 534 vocabulary items Step by step writing diagrams and practice boxes [Japanese Kanji Fast Finder](#) Laurence Matthews,2018-08-28 Anyone studying Kanji has wished for a reference that would enable them to look up a character by its shape alone Now Japanese Kanji Fast Finder delivers precisely that A new study aid that lets users look up Japanese Kanji quickly and intuitively without having to know their reading radical or stroke count and without having to learn yet another system This easy to use reference book has been designed for dedicated learners of Japanese who know some Kanji as well as general readers with interest in the written Japanese language Japanese Kanji Fast Finder features A thumb index that allows for rapid access to any of the Kanji characters by their shapes Large fonts and an easy to read layout to facilitate rapid scanning Pronunciations and core English meanings at a glance All 1 945 General Use Kanji as prescribed by the Japanese Ministry of Education Comprehensive information for each Kanji with the following the core English meaning ON Chinese derived and KUN native Japanese readings stroke count and radical *Chinese Characters Made Easy* Michael L. Kluemper,Kityee Yam Nadeau,2015-12-15 This highly visual book introduces an effective new method for learning Chinese characters using visual stimuli and pictographs Learning the basic characters used to write even simple Chinese sentences can be a long and arduous process *Chinese Characters Made Easy* makes the learning process fun and easy by presenting the 1 000 most common characters using a new mnemonic approach that associates each character with a memorable visual and verbal clue making memorization easy The character for person for example is superimposed over a sketch of a man representing a person standing on two legs drawing the reader s attention to the distinctive shape of the character and associating the sketch with the character s meaning The Chinese characters are presented in groups or clusters all sharing common elements and meanings for context and ease of identification These groups of characters all share common root symbols known as radicals or relate to a particular theme or topic such as colors numbers animals or body parts Pronunciations meanings and vocabulary compounds are provided for each character in the group A free audio CD provides native speaker pronunciations for all the characters and their associated vocabulary A short introduction explains the history and structure of the Chinese writing system This Chinese character book s visual approach is a powerful learning tool It can be used by serious students and is entertaining and useful to general readers who are curious about how the Chinese writing system works and how it developed [Chinese Character Practice Workbook for Kids](#) Jane Smith,2021-09-14 **Easy Learning** Ping Makarsky,2012-01-26 *Easy Learning Chinese Characters* is designed for English speakers or anyone who has a good command of the English language Unlike Chinese speakers English speakers are used to a phonetic writing system

that is what they read is what they hear When they see an English word they expect its letters to tell them the pronunciation and recognize its meaning Thus English speakers find Chinese characters to be too complicated and confusing because they cannot pronounce them easily Without a phonetic system they have to find the pronunciations through pinyin and then find the meaning Therefore English speakers think they need extra time to learn to connect the graphic shapes of Chinese characters with their pronunciation So learning the Chinese language can seem like learning two different languages one for listening and speaking and the other for reading and writing However if you can master the methods of learning Chinese characters in this book you will get twice the results with half the effort Easy Learning Chinese Characters can make your Chinese character learning process easy and fun It is intended to be an intensive course book for English speakers who have just started to learn Chinese writing Anyone who has pinyin as a foundation can study this book by themselves This book has 86 lessons in total with detailed explanations of 550 basic Chinese characters and over 2400 Chinese words and phrases This gives learners the foundation from which they can expand to read the 4000 basic Chinese characters With basic knowledge of the evolutionary history of Chinese characters learners will gain a brand new perspective and profound understanding during the learning process Over 90% of the characters in Easy Learning Chinese Characters are accompanied with pictures showing how the character evolved from its original shape to its current simplified form Only less than 1% of the characters in this book may need to be memorized mechanically but even they are provided with vivid pictures to help remember them All of the characters words and phrases are provided with detailed pronunciation in pinyin So all the lessons taught in this book should be easily mastered by new learners All languages are connected Chinese is similar to English in numerous ways Pictophonetic characters make up over 90% of all Chinese characters By mastering the rules of pictophonetic characters one can read most of the characters Chinese radicals the part of a Chinese character which represents its meaning are like English monograms Monograms represent the meaning of words for example words containing astro are mostly related to stars Easy Learning Chinese Characters focuses on teaching you to master basic character forms including pictographic characters self explanatory characters and ideographic characters These make up the foundation of all characters This book references several Chinese language sources in order to provide precise and detailed explanations of each character These sources include The Contemporary Chinese Dictionary Advanced Chinese Characters Dictionary Kangxi Dictionary and Shuowen Jiezi Explaining Simple and Analyzing Compound Characters With the help of Easy Learning Chinese Characters learners will have the confidence to master Chinese reading and writing in a relatively short period of time
