Martin, 2025-01-15 In *Strong Commanders Weak States* Philip A Martin investigates a fundamental political challenge faced by post conflict states how to create obedient national militaries from the remnants of insurgent forces When civil wars end non state armed groups often integrate into post conflict militaries Yet rebel military integration does not always happen smoothly In some cases former rebels cooperate with new leaders forming powerful national armies that underpin postwar stability In others they resist the authority of new leaders maintaining clandestine armed networks that disrupt centralized state building Martin argues that how field commanders of non state armed groups governed during the war explains this variation Rebel commanders who build accountable governance systems gain strong social support from rebel ruled communities becoming locally embedded Thanks to these community ties which persist after the war these embedded commanders have the leverage to push the central government for concessions resist directives to disarm fighters or even orchestrate coup d tats Conversely rebel commanders who governed coercively are less likely to sustain community ties Without the ability to mobilize collective action after the war these non embedded commanders have stronger incentives to cooperate with new regime leaders Wielding in depth evidence from Cote d'Ivoire and cases of rebel military integration elsewhere Martin shows that good governance during wartime can ironically lead to poor postwar state consolidation Rather than preparing insurgents to be successful state builders effective rebel governance can hinder post conflict state building As

costly peace operations come under increasing scrutiny Strong Commanders Weak States offers fresh guidance on how transitions to peace can better succeed **Crashed** Adam Tooze,2018-08-07 WINNER OF THE LIONEL GELBER PRIZE A NEW YORK TIMES NOTABLE BOOK OF 2018 ONE OF THE ECONOMIST S BOOKS OF THE YEAR A NEW YORK TIMES CRITICS TOP BOOK An intelligent explanation of the mechanisms that produced the crisis and the response to it One of the great strengths of Tooze s book is to demonstrate the deeply intertwined nature of the European and American financial systems The New York Times Book Review From the prizewinning economic historian and author of Shutdown and The Deluge an eye opening reinterpretation of the 2008 economic crisis and its ten year aftermath as a global event that directly led to the shockwaves being felt around the world today We live in a world where dramatic shifts in the domestic and global economy command the headlines from rollbacks in US banking regulations to tariffs that may ignite international trade wars But current events have deep roots and the key to navigating today s roiling policies lies in the events that started it all the 2008 economic crisis and its aftermath Despite initial attempts to downplay the crisis as a local incident what happened on Wall Street beginning in 2008 was in fact a dramatic caesura of global significance that spiraled around the world from the financial markets of the UK and Europe to the factories and dockyards of Asia the Middle East and Latin America forcing a rearrangement of global governance With a historian s eye for detail connection and consequence Adam Tooze brings the story right up to today s negotiations actions and threats a much needed perspective on a global catastrophe and its long term consequences **Astronomical and Magnetical and Meteorological Observations** ,1911 Vols for 1841 1914 include Rates of box and pocket chronometers on trial for purchase by the Board of Admiralty varies slightly 1888 1914 include Rates of chronometer watches on trial for purchase by the Board of Admiralty varies slightly 1838 1845 include Reports of the Astronomer Royal to the Board of Visitors these titles also issued separately Astronomical Results from Observations Made at the Royal Observatory, Greenwich, in the Year ... ,1893 **Astronomical and Magnetical and Meteorological Observations Made at the Royal Observatory, Greenwich, in the Year** ,1903 **Results of the Astronomical Observations Made at the Royal Observatory, Greenwich** ,1896 **The Common Law of South Africa** Manfred Nathan,1907 Greenwich Observations in Astronomy and Magnetism Made at the Royal Observatory, Greenwich, the Royal Greenwich Observatory, Herstmonceux and the Royal Greenwich Observatory, Abinger in the Year ... ,1903 Results of the Astronomical Observations Royal Observatory, Greenwich,1902 *Chemical Abstracts* ,1913 *United States Official Postal Guide* United States.
