Finding You Marc Levy,2012-06-01T00:00:00Z He strove for an ideal love She simply loved him When they were growing up Susan and Philip meant everything to each other In the spirited optimism of their youth they swore that they would love each other forever even if their lives forced them apart She had plans to fight poverty in Central America while he would try to make it in Manhattan Philip made a promise whatever happened to Susan he would always be there for her Little did he know that this promise would transform his life that keeping it would mean opening his heart to an unwanted stranger to someone who would first shatter his world but would ultimately bring everything together In a fast paced and masterfully woven story where nothing turns out as expected in a tale that takes you from the eye of a hurricane to the depths of a soul insightful and moving Marc Levy pays tribute to the triumph of love A great love story that unravels between New York and Honduras so enjoyable that you can't help but read it all in one go Elle **If Only It Were True** Marc Levy,2005-05-17

Block Granting Medicaid Edward Alan Miller,2013-11-12 Medicaid is the largest grant in aid program in the United States Reform in this area therefore provides a unique opportunity to study the intersection between federal and state policy making in an area recently characterized by substantial uncertainty deriving from the lingering effects of the Great Recession ongoing debate over the federal budget and implementation of the Patient Protection and Affordable Care Act Invariably states reform the way health care is delivered regulated and financed within broader parameters established by

federal statutes and regulations It is critical therefore that effective strategies be put into place if both current and future health and long term care reform efforts are to have their greatest chances at success Rhode Island is the first state to receive permission to operate its entire Medicaid program under a global cap As a consequence it has entered the national consciousness as a key data point potentially supporting the block grant approach to Medicaid reform In this book Edward Alan Miller identifies factors that either facilitated or impeded the design and implementation of Rhode Island s Global Consumer Choice Compact Medicaid Waiver in order to draw broader lessons for the Medicaid block grant debate and health and long term care reform more generally Evidence gathered from archival sources and in depth interviews with key stakeholders exposes the role that provider capacity has played in the implementation process including adult day care assisted living home maker and other home and community based services The impact of the Global Waiver on the nursing home sector is examined as well in addition to new authority to obtain federal matching dollars for previously state only funded programs By providing a sophisticated understanding of factors enhancing or impeding state health reform this book will contribute to improvements in the development and administration of policy development at both the state and federal levels
