

The cover features a decorative white border with ornate, scroll-like corners. The background is a dark, textured surface with a faint, embossed illustration of a landscape. In the center, there is a large, stylized tree with a thick trunk and dense foliage. To the right of the tree, there is a small town or village with several buildings and a prominent tower or spire. The overall design is elegant and traditional.

Rashi

Midrash Tehillim English Translation:

Rashi's Commentary on Psalms Mayer I. Gruber, 2007-10-10 In 2004 Mayer Gruber's landmark Rashi's Commentary on Psalms made one of the 11th century scholar's most important works accessible to a larger audience for the first time. The JPS paperback edition of this exceptional volume includes the complete original Hebrew text and acclaimed linguist Mayer Gruber's contemporary English translation and supercommentary. Fully annotated by Gruber, Rashi's Commentary on Psalms places Rashi, the most influential Hebrew biblical commentator of all time, in the larger context of biblical exegesis. Gruber identifies Rashi's sources, pinpoints the exegetical questions to which Rashi responds, defines the nuances of Rashi's terminology, and guides the reader to use the English translation as a tool to access the original Hebrew text. Gruber's extensive introduction takes a critical look at Rashi and his enduring legacy. *Print, Power, and Cultural Hegemony*

Federico Dal Bo, 2024-09-23 Federico Dal Bo examines the design of early Hebrew books from the late fifteenth and sixteenth centuries, focusing not only on the words in these early books but also on how they were arranged on the page. He follows in the tradition of scholars such as Christopher de Hamel, Marvin J. Heller, and David Stern, who have explored the importance of these Hebrew books in influencing Jewish learning and attracting the interest of Christians. The author discusses important prints such as the first Talmud and rabbinical bibles, which marked a shift from being for Jewish readers only to being for both Jews and Christians. The collaboration between Jewish editors and Christian printers changed the way these books looked and the audience for whom they were intended. At first, these early prints copied the style of handwritten Hebrew manuscripts. The simple layout could be difficult to read, especially for long books like the Bible or Talmud. But over time, influenced by the humanism of the Italian Renaissance, the layout became more complex. The book also looks at how the layout changed from full-page commentaries to a more complicated design in which the main text and commentaries shared the same page. This shift challenged the idea of who was the primary author and emphasized the role of editors. The layout, with the main text in the center and the commentaries on the sides, created a kind of unwritten rule for how to read religious texts. Dal Bo's study also includes new information about a 1553 trial in which the Talmud was burned. Overall, it explores how the layout of these early Hebrew books shaped cultural power and influenced how people read. [Ancient Readers and their Scriptures](#)

Garrick Allen, John Anthony Dunne, 2018-10-08 *Ancient Readers and their Scriptures* explores the various ways that ancient Jewish and Christian writers engaged with and interpreted the Hebrew Bible in antiquity, focusing on the physical mechanics of rewriting and reuse, modes of allusion and quotation, texts and text forms, text collecting, and the development of interpretative traditions. Contributions examine the use of the Hebrew Bible and its early versions in a variety of ancient corpora, including the Septuagint, Dead Sea Scrolls, New Testament, and Rabbinic works, analyzing the vast array of textual permutations that define ancient engagement with Jewish scripture. This volume argues that the processes of reading and cognition, influenced by the physical and intellectual contexts of interpretation, are central aspects of ancient biblical

interpretation that are underappreciated in current scholarship
