The New Science of Politics Eric

Voegelin,1987-08-15 Thirty five years ago few could have predicted that The New Science of Politics would be a best seller by political theory standards Compressed within the Draconian economy of the six Walgreen lectures is a complete theory of man society and history presented at the most profound and intellectual level Voegelin s work stands out in bold relief from much of what has passed under the name of political science in recent decades The New Science is aptly titled for Voegelin makes clear at the outset that a return to the specific content of premodern political theory is out of the question The subtitle of the book An Introduction clearly indicates that The New Science of Politics is an invitation to join the search for the recovery of our full humanity From the new Foreword by Dante Germino This book must be considered one of the most enlightening essays on the character of European politics that has appeared in half a century This is a book powerful and vivid enough to make agreement or disagreement with even its main thesis relatively unimportant Times Literary Supplement Voegelin is one of the most distinguished interpreters to Americans of the non liberal streams of European thought He brings a remarkable breadth of knowledge and a historical imagination that ranges frequently into brilliant insights and generalizations Francis G Wilson American Political Science Review This book is beautifully constructed his erudition constantly brings a startling illumination Martin Wright International Affairs A ledestar to thinking men who seek a restoration of political science on the classic and Christian basis a significant accomplishment in the retheorization of our age Anthony Harrigan Christian Century

Analyzing Politics Ellen Grigsby,2009-05-28 A brief accessible but fairly sophisticated overview of political science that encourages critical independent thinking ANALYZING POLITICS International Edition presents a clear outline of the discipline of political science This text is notable for its early coverage of methods and theory and the use of a case study approach introduced and used to acquire in depth information about a particular subject while also pointing to its limitations While the text covers fundamental concepts with contemporary political examples discussions of feminism and environmentalism offer a distinct departure from other texts and a unique opportunity to you as a political science student

Politics George Andrew MacLean,Duncan Robert Wood,Lori Turnbull,2020 Accessible and engaging throughout this introductory text examines politics from a Canadian comparative and international perspective Guiding students through the basics of political ideologies and institutions before moving on to more complex concepts this text covers essential questions regarding politics such as who has power in society and why how might groups participate in political activity how can we distinguish among so many types of political systems how is wealth distributed and why is conflict so prevalent in the world today This newly updated edition includes new coverage of populism the rebirth of protectionist nationalism and the politics of climate change and continues to use current examples and case studies from Canada and around the world
