Davy Mooney, 2025-07-18 The topic of jazz phrasing is difficult to teach Jazz musicians spend years transcribing solos
learning repertoire practicing technique and acquiring vocabulary but even advanced players can struggle with the
organization of these raw materials in their improvisations In this book jazz guitarist and educator Davy Mooney describes
the method he devised to help intermediate to advanced players improve their phrasing He presents a series of jazz solos
based on the styles of players such as Dexter Gordon Miles Davis Bud Powell and Joe Pass converts them to rhythmic
notation and demonstrates how one can improvise on the phrase structure of these solos using one's own notes In other
words you play where the soloist played and rest where they rested The book contains audio examples of Mooney
demonstrating the method and his solos are transcribed and analyzed with left hand fingerings included There are backing
tracks so that the reader can use this practical method to achieve great jazz phrasing Includes access to online audio and
