**Puranas Reimagined** Pooja Jain,2022-05-11 Puranas Reimagined Attaining Enlightenment Through Samudra Manthan shares a new perspective of the popular folklore of Samudra Manthan cited in the Holy Scriptures It draws an allegory between the religious folktale of the Daityas the Devtas and the celestial gifts with inner sciences of spirituality Each celestial gift obtained such as Airawat Kalpvriksha Shankh etc in the tale is considered as an amazing psychic power or Siddhi The miraculous powers can be developed by an individual following the Ashthang Yoga or the eight fold path of yoga Further following extensive research the book highlights astounding anecdotes from the lives of revered Holy Saints who had engaged the said Siddhi in their life In the words of Galileo All truths are easy to understand once they are discovered the point is to discover them The book comprehends and shares a new dimension of the truth of the immortal tale **Disarming the Allies of Imperialism** Michael G. Murdock,2010-03-31 This study provides a striking new explanation of how China's Nationalist Party GMD defeated its rivals in the revolution of 1922 1929 and helped bring some degree of unification to a country torn by class regional and ideological interests Disarming the Allies of Imperialism argues that inconsistency more than culture ideology or any other factor gave nationalism its unique edge Revolutionary leaders manipulated revolutionaries and non revolutionaries alike to advantage their own positions and seize national power sometimes seeking to protect foreign lives and property and shield Chinese merchants from agitative disruptions sometimes voting to do the opposite Exploiting the symbiotic yet contradictory relationship between state building which sought foreign ties and international recognition and low level agitators committed to confrontational anti imperialist objectives top Guomindang leaders were able to manipulate political circumstances to their own benefit For example party leaders stirred up anti Christian sentiment pitting popular forces against mission schools while simultaneously intervening to rescue these same schools from agitative destruction thus helping missionaries to soften their attitudes toward the revolution and eventually embrace the new order Scholars of modern Chinese history and anyone familiar with the growing literature on nationalism will appreciate this work for its elucidation of a complex historical snarl while undergraduates and scholars outside the China field will find this a useful and accessible study as well **Constructing a Chinese School of International Relations** Yongjin Zhang,Teng-Chi Chang,2016-06-10 This edited volume offers arguably the first systemic and critical assessment of the debates about and contestations to the construction of a putative Chinese School of IR as sociological realities in the context of China's rapid rise to a global power status Contributors to this volume scrutinize a particular approach to worlding beyond the West as a conscious effort to produce alternative knowledge in an increasingly globalized discipline of IR Collectively they grapple with the pitfalls and implications of such intellectual creativity drawing upon local traditions and concerns knowledge claims and indigenous sources for the global production of knowledge of IR They also consider critically how such assertions of Chinese voices and articulation of their ambition for theoretical innovation from the disciplinary margins

contribute to the emergence of a Global IR as a truly inclusive discipline that recognizes its multiple and diverse foundations Reflecting the varied perspectives of both the active participants in the Chinese School of IR debates within China and the observers and critics outside China this work will be of great interest to students and scholars of IR theory Non Western IR and Chinese Studies
