

Document Packet: "The Medieval Church"

Questions:

- What is the view of medieval society that is expressed in this document?
- According to this document, what is the deadliest of sins?

Document #1

Society, like the human body, is made up of different parts. Each member of society serves a purpose: prayer (clergy), defense (knights), merchandising (tradesmen, merchants) or tilling the soil (serfs). Each person should receive the means proper for his or her class. Within classes there must be equality; between classes there must be inequality. Peasants must not follow the orders of those above them. Lords must not take unfair advantage of the peasants. Craftsmen and merchants should receive only what they need to remain in business and no more. To seek more is greed, and greed is a deadly sin.

Question:

- Why does Pope Innocence III believe that the church has more power than kings and other secular rulers?

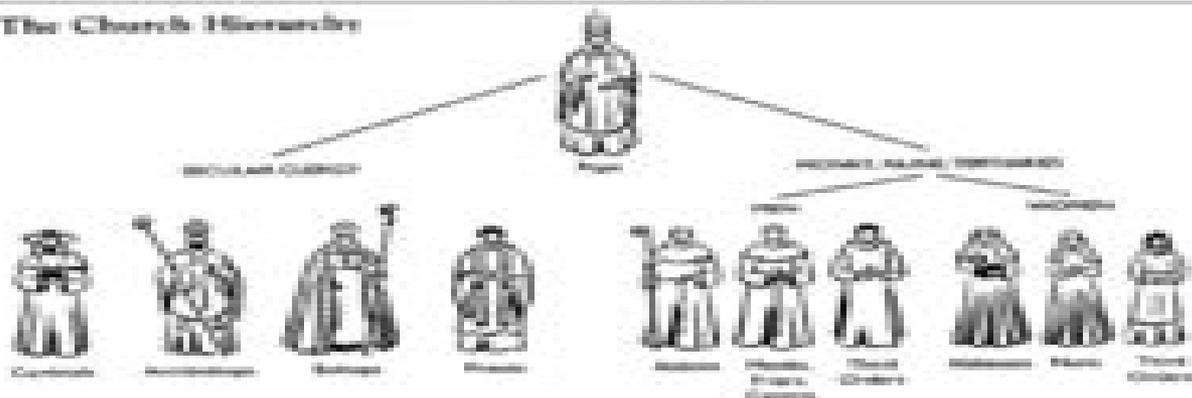

Document #2

The Creator set up two great lights in the heavens; the greater light to rule the day, the lesser light to rule the night. In the same way, the Church has set up two great lights on earth; the greater light, being the Pope, to rule over souls; the lesser light, being the king, to rule over bodies. Just as the moon's light comes from the sun, does the power of the king come from the Pope. The more closely a king is willing to follow the Pope's rule, the greater his light will be.
