Culture, Experience, Care: Re-Centring the Patient Eric Sandberg,Maren Scheurer,2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 Susan Sontag claimed that everyone who is born holds dual citizenship in the kingdom of the well and the kingdom of the sick and while we all prefer to use only the good passport sooner or later each of us is obliged at least for a spell to identify ourselves as citizens of that other place We are all in other words past present or future patients This collection examines the many ways in which the idea of the patient can be conceptualized in different cultural professional intellectual and emotional contexts as part of an on going multidisciplinary and international attempt by scholars health care professionals and indeed patients themselves to rethink and re examine patienthood and patient care These chapters attempt to put the patient at the centre not just although clearly not least at the centre of the processes institutions and ideologies of medical care but of a wide range of intellectual and social practices

Debating Health Care Ethics, Third Edition Doran Smolkin,Patrick Findler,Warren Bourgeois,2025-04-28 Debating Health Care Ethics Third Edition explores contemporary moral challenges in health care through a unique debate format providing students with the essential tools to understand and critically evaluate the leading arguments in the field and to develop their own arguments on important moral problems in health care The first three chapters explore the nature of arguments philosophical methodology and a range of leading normative ethical theories The remaining chapters introduce students to moral problems in health care through dramas that feature complex scenarios involving patients family members and health care providers Each drama is followed by a lively debate where the authors consider and evaluate rival arguments concerning the moral issues

raised by the drama The dramas encourage students to start thinking about ethical issues in health care The debates then demonstrate how arguments are developed and criticized These debates also encourage students to develop and defend their own arguments on these topics This technique is more interactive and approachable than standard philosophical texts This third edition contains updated chapters and dramas that reflect recent changes in health care in Canada One such change is to the chapter on euthanasia which now includes a drama and a debate centred on the morality of legalizing Medical Assistance in Dying MAiD Other changes to the text are in response to the Covid 19 pandemic These include updated chapters on the proper rules for prioritizing care in emergency situations triage and the moral limits of medical doctors administering unproven alternative medications to patients who request them The third edition also contains a drama and debate on autonomy and valid consent and a drama and updated debate on the justice of a two tier health care system where one level of health care is available to all regardless of means and another level of faster health care is available only to those with means

Bioethics in Canada, Third Edition Carol Collier,Rachel Haliburton,2021-03-25 Now in its third edition Bioethics in Canada A Philosophical Introduction offers a comprehensive overview of the philosophical historical and medical concepts shaping contemporary debates on biomedical issues The text opens with an introduction to moral theory and bioethical principles followed by application of these theories and principles to real world ethical conflicts involving abortion distributive justice genetics reproductive technology and other vital topics A landmark case opens each chapter illuminating the many issues involved in these debates as well as the philosophical assumptions that shape them Thoroughly updated to reflect recent political medical and cultural changes this third edition features new sections on Medical Assistance in Dying MAiD the moral philosophy of liberalism in bioethics the Mad movement CRISPR and gene editing and expanded content on mental health rural and remote communities and codes of conduct and codes of ethics Accessibly written with newly added case studies in the health care workplace this text is an insightful resource for courses in the disciplines of philosophy health studies medicine and nursing providing a strong ethical foundation in an ever changing field

Concepts and Cases in Nursing Ethics - Third Edition Michael Yeo,Anne Moorhouse,Pamela Kahn,Patricia Rodney,2010-09-08 Concepts and Cases in Nursing Ethics is a case based exploration of the core principles of health care ethics applied to nursing The book is a collaboration between philosopher ethicist Michael Yeo and nurse ethicist and educators Anne Moorhouse Pamela Khan and Patricia Rodney It thus combines philosophical and ethical analysis with extensive knowledge and experience in nursing and health care The book is organized around six main concepts in health care ethics beneficence autonomy truthfulness confidentiality justice and integrity A chapter is devoted to the elucidation of each of these concepts In each chapter historical background and conceptual analysis are supplemented by case studies that exemplify issues and show how the concept applies in health care and nursing practice In this new edition the conceptual analysis throughout has been updated and reworked in view of changes in the health care system In addition there is a new chapter specifically devoted to recent

developments affecting nursing and other health professions Previous case studies have been modified and new ones added to address current and emerging issues Although the text focuses mainly on the social and political situation of nursing the analysis has relevance also for medicine and the allied health professions and indeed for anyone working in the health system
