Eu Foreign Policy Transitional Justice And Mediation:

EU Foreign Policy, Transitional Justice and Mediation Laura Davis, 2014-07-11 This book analyses how the European Union translates its principles of peace and justice into policy and puts them into practice particularly in societies in or emerging from violent conflict The European Union treaty states that in its relations with the wider world the EU is to promote peace security the protection of human rights and the strict observance and the development of international law The EU is active in peace processes around the world yet its role in international peace mediation is largely ignored This book offers the first scholarly analysis of how the EU engages in peace processes and justice for human rights violations focussing on the point where mediation and transitional justice intersect Drawing on extensive fieldwork the book includes case studies of how the EU sought to promote peace and justice in the Democratic Republic of Congo DRC how it supports international justice through the International Criminal Court and a model of the EU as a mediator These provide an evidence base for policy makers and practitioners as well as strong empirical contributions to theory The book addresses whether and how the EU pursues its principles of both peace and justice in conflict zones where in practice these principles may be in conflict and the implications of these findings for understanding EU foreign policy and the EU as a security actor This book will be of much interest to students of EU foreign policy transitional justice peace and conflict studies and security studies *Annual Report ... on the European Union's Development and External Assistance Policies and Their Implementation in ...*, 2013
