

Personal Philosophy on Advanced Practice Nursing and Healthcare

Introduction

Caring, which is a mainstay characteristic of nursing practice, has been christened as a complex process that is grounded on professional and ethical contexts. While examining the nursing ethos that safeguard the right of patients to human dignity, Judge-Ellis and Wilson (2017) identified caring as a primary moral obligation of the ethical frameworks underlying these ethos. I chose to become an advanced practice nurse because my demeanor and my disposition are adequately suited for providing this care.

Nursing philosophy is an integral element that helps in the identification of the approach that a nursing practitioner adopts towards delivering his or her professional obligations (Marchuk, 2014). The purpose of this paper is to outline my personal philosophy on advanced practice nursing and healthcare with respect to my future role as an advanced practice nurse. In this paper, my personal philosophy concepts that are specific to the nursing metaparadigms are established from published philosophies. Through evidence-based justification of theory, this paper explains how Peplau's Theory of Interpersonal Relations relates to my future practice nursing role and my personal philosophy. To provide ethical and compassionate care to the patients in a healing environment, there needs to be reciprocity between the nurses and the patients, as this is the bedrock of patient-centered treatment care.

Advanced Practice Nursing Philosophy

With the implementation of the Patient Protection and Affordable Care Act of 2010, more emphasis has been dedicated towards identifying the roles of healthcare professionals in guaranteeing the safety and safeguarding the rights of the patients (American Nurses Association, 2018).

Example Of Nursing Philosophy Paper

Martin Lipscomb

Example Of Nursing Philosophy Paper:

The Nurse as Executive Barbara Stevens Barnum, Karlene M. Kerfoot, 1995 This new edition of Aspen's bestselling book *The Nurse as Executive* has been thoroughly revised and updated to reflect the significant changes in nursing management. The nurse executive's role as a member of the executive team is examined as well as the nurse executive's role in health care issues such as quality outcomes, team building, and cost containment. Organizing the book around the new resource-driven management model rather than the goal-driven management model makes this book unique and distinguishes it from other management texts.

Management and Leadership for Nurse Administrators Linda Roussel, Richard J. Swansburg, Russell C. Swansburg, 2006 Designed for the management and development of professional nurses, this text provides management concepts and theories giving professional administrators theoretical and practical knowledge enabling them to maintain morale, motivation, and productivity. Organized around the four management functions of Planning, Organizing, Leadership, and Evaluation, it includes new chapters on total quality management, the theory of human resource development, and collective bargaining. Additionally, content has been added to include recommendations from the work of the Institute of Medicine and the Magnet Appraisal process.

Social Theory and Nursing Martin Lipscomb, 2016-12-08 Despite noteworthy exceptions, nursing's literature largely disregards the ways in which social and sociological theory permeates, guides, and shapes research, education, and practice. Likewise, social theory's ability to position nursing within wider structures of healthcare and educational provision is similarly and puzzlingly downplayed. The questions nurses ask and the problems they face cannot, however, adequately be addressed without engaging with social and sociological theory and to progress this engagement, contributors to this book explore how social theories are used by and might apply to nursing and nursing practice. The book draws on a wide range of perspectives, philosophical, theoretical, empirical, and political, to offer a robust and wide-ranging critique and analysis. *Social Theory and Nursing* is essential reading for nursing researchers, academics, and educators, as well as scholars and researchers in medical sociology, medicine, and allied health.

Nurses as Leaders William Rosa, 2016-06-13 Integrates the perspectives of contemporary nurse leaders to foster an innovative, collaborative future. Encompassing the wisdom of both established and emerging nurse leaders, this expansive book demonstrates proof of theory in action and the influence of our great nursing legacy on today's luminaries as they carve out new terrain to benefit current and future health care needs. With a far-reaching, ambitious perspective, it is the first text to link the ideas of nurse leaders from very diverse specialty areas, including holistic advanced practice, education, policy, global health, journalism, and spiritual communities. The book examines the professional and scholarly accomplishments of these nurse leaders within an historical context and facilitates succession planning for the next generation through a combination of outcomes-based writing, storytelling, and personal reflection. Dozens of expert contributors from practice and theory arenas describe how to develop leadership skills and tactics through the implementation of local, national, and international

initiatives With an eye to creative evolution in education research and clinical settings they discuss how emerging nurse leaders can be agents of change beyond the confines of traditional practice and curricula through innovation and collaboration Contributors also relate the circumstances and experiences that sparked their nursing passions the moral ethical foundation from which they practice and inspired messages toward communal societal and global impact within nursing of the future Each chapter author follows a template to ensure continuity and includes end of chapter reflection questions Key Features Distills the perspectives of current and emerging nurse leaders from a diverse array of specialty areas to unify the collective of nursing Redefines praxis possibilities in education research and practice Outlines contributing nurse leaders practical and scholarly accomplishments Describes how to facilitate change through innovation and collaboration Teaches the development of leadership skills and tactics

Practical Nursing Philosophy David Seedhouse,2000-11-08 David Seedhouse s latest book proposes a Universal Ethical Code ethical guidance many nurse theorists have previously thought impossible This is an informed clear and concise book that addresses the complex philosophical underpinnings of nursing practice For many students and practising nurses this easy to read and thought provoking text will prove invaluable in helping them understand the very nature of nursing and the work that nurses do Leslie Gelling BSc Hons MA RGN Research Nurse Department of Neurosurgery University of Cambridge UK The text is an admirable feat in the difficult task of combining theory and practice David Seedhouse has worked them into a seamless coherent whole which culminates in a practical code of ethics for nurses Leila Shotton RN PhD Lecturer in Nursing Ethics University of Tasmania Australia The reader is helped in a clear and direct way using philosophical analysis to understand the concepts that underpin practice Kevin J Power MA BA Hons RSCN RGN DipN Cert ED Senior Lecturer School of Nursing and Midwifery De Montford University Leicester UK This book bold in scope represents a return to the pursuit of comprehensive nursing theory Douglas Olsen RN PhD Yale University USA Nursing ideals and analytical philosophy rarely overlap As a result existing nursing codes fail to define key terms clearly enough to enable nurses to apply them David Seedhouse tackles this problem by looking at nine key concept explains their meaning and shows how they can be applied in everyday situations The result is a precise yet compassionate framework which enables nurses to reflect deeply about the importance of their work and can support them as they strive to make ethically sound decisions Provides a practical approach to traditionally intangible health care issues Includes an array of accessible case studies and diagrams Offers sensible strategies for nurses to implement philisophical insights in their daily care Any nurse or other health care worker who has wondered how best to apply key words such as care dignity and ethics in everyday situations will find this practical and informed clarification indispensable

Illuminating the Diversity of Cancer and Palliative Care Education Lorna Foyle,Janis Hostad,2018-04-19 Illuminating the Diversity of Cancer and Palliative Care Education examines a myriad of original approaches techniques methods educational strategies and imaginative innovations within this vital field of medicine

Its contributors share a range of educational techniques and tactics from Neuro Linguistic Programming to creative teaching strategies for bereavement support allowing readers to reflect on best practice and inventive ways of working which can be used or adapted to suit This book is an ideal companion to its sister volumes Innovations in Cancer and Palliative Care Education and Delivering Cancer and Palliative Care Education *The Nurse's Writing Handbook* Anita Gandolfo, Judy Romano, 1984 *Proceedings of the 1976 National Conference on Continuing Education in Nursing, October 11-14, 1976, the Austin Hilton Inn, Austin, Texas*, 1976 *Essentials of Nursing Informatics* Virginia K. Saba, Kathleen Ann McCormick, 2006 Learn how computers and technology affect the nurse's role in caring for the patient Now fully updated and enhanced the fourth edition includes new coverage of PDAs the impact of HIPAA guidelines patient safety issues privacy issues optimal use of decision support tools and much more *Perspectives on Nursing Theory* Leslie H. Nicoll, 1992

Nursing Mirror and Midwives Journal, 1976 **Providing a Climate for the Utilization of Nursing Personnel**, 1975 **Communicating Nursing Research**, 1990 Consists of papers presented at a conference sponsored 1968-73 by the Western Council on Higher Education for Nursing 1974 by the Western Society for Research in Nursing issues for 1993 2008 contain also addresses and abstracts of the WIN Assembly **Public Theology in Law and Life** Paul Babie, Brian Edgar, David Wilson, 2012-08-30 Public theology involves the application of biblical and theological principles outside the confines of the church and assesses their implications for wider society It examines both the theoretical structures of society the nature of secularity government globalisation pluralism and so forth and the myriad specific issues involved in daily life everything from sport to work place relations to economics Public theology is also very importantly a discipline that is practiced by the ordinary Christian as well as the academic and it is done in public with all the scrutiny that entails and in such a way that it communicates to non Christians although it remains a theological endeavour In a real sense it is theology for the world from the Word by the people of God The volume has a variety of contributors and includes an article on the role of public theology in Islam *The Journal of Nursing Education*, 1995 *Neonatal Network*, 1982 *Software by Design* Harold Salzman, Stephen R. Rosenthal, 1994 As computers become more and more integral to business and other organizational operations around the world software design must increasingly meet the social demands of the workplace This book provides an informative cogent examination of how various social factors such as organizational structure workplace relations and market conditions together shape software developers technical design decisions Through a survey of major software companies and in depth case studies of the banking hospital and equipment field service industries the authors identify factors that influence specific design strategies and examine the significant consequences that engineering decisions have on users work workplace quality of life and opportunities for autonomy and skill development The book concludes with a chapter devoted to exploring how a progressive design approach can improve both the performance and working conditions of an organization By providing an important empirical study of the social construction of technology the authors offer an

insightful understanding of the challenges inherent in effective software design The book will appeal to professionals and students in software design information systems management computer science and the sociology of work and technology

Abstract Bulletin of the Institute of Paper Chemistry ,1983 **Nursing Research Methods** Peter Griffiths,Jackie Bridges,2009-11-25 Bringing together seminal sources that illustrate both the origins and the state of the art of research in nursing this title draws on methodological sources from outside the discipline that are influential and have shaped nursing research as well as discussions and debates The Philosopher's Index ,2007 Vols for 1969 include a section of abstracts

Example Of Nursing Philosophy Paper Introduction

In the digital age, access to information has become easier than ever before. The ability to download Example Of Nursing Philosophy Paper has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Example Of Nursing Philosophy Paper has opened up a world of possibilities. Downloading Example Of Nursing Philosophy Paper provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Example Of Nursing Philosophy Paper has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Example Of Nursing Philosophy Paper. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Example Of Nursing Philosophy Paper. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Example Of Nursing Philosophy Paper, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Example Of Nursing Philosophy Paper has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Example Of Nursing Philosophy Paper Books

1. Where can I buy Example Of Nursing Philosophy Paper books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
