Psychotherapists on Film, 1899-1999 John Flowers, Paul Frizler, 2004 How long have psychotherapists been depicted in films Nearly as long as there have been films or psychotherapists for that matter This isn't surprising if one considers that the Freudian revolution in psychology and the invention of motion pictures occurred at about the same time What may be surprising is the sheer number of times that psychotherapists in their many guises have shown up in the movies and how their depiction has reflected changing social attitudes about psychotherapy over the last century This comprehensive worldwide filmography examines over 5000 movies Films in which mental health professionals appear or in which others act in that capacity are listed alphabetically A preface explains the criteria for a film's inclusion and a lengthy introduction and guide to the filmography explores the changing social attitudes mirrored by the movies Appendices list the titles by decade
