The Complete Works William Cowper, 1875 [Family News from Dr. James Dobson](#), 2002 [Breakwater](#) Chinedu Nnadi, 2025-09-07 When the sea turns deadly survival demands more than courage it demands sacrifice Marine biologist Dr Lila Moreno signs up with Miami's coastal rescue unit to protect the ocean she loves never expecting to face the horrors hidden beneath its waves But during a violent storm a smuggling vessel capsizes just off the coast Dozens of trafficked migrants are trapped below deck pounding against steel walls as the wreck slowly sinks Alongside Chief Petty Officer Ryan Hale a battle scarred Coast Guard diver Lila dives into a nightmare black water shifting wreckage dwindling air Every dive risks their lives but leaving innocents behind is unthinkable Then comes the revelation the traffickers are still alive armed and determined to erase every trace of their operation The rescuers are no longer saviors but targets Trapped between the crushing ocean and ruthless predators Lila and Ryan must outwit both the sea's fury and human cruelty As the storm intensifies the wreck becomes a tomb and the fight to save strangers turns into a fight for their own survival With each desperate dive trust deepens between the unlikely pair But in a world where one wrong move means drowning or death by bullet courage may not be enough *Breakwater* is a pulse pounding thriller of resilience and hope where compassion becomes the fiercest weapon against fear and every heartbeat is a countdown to the final wave **Convention Preview**, 1996

Maxwell Anderson and the Classical Tradition Robert J. Rabel, 2025-04-15 This book sheds new light on the dramatic works of the American playwright poet and lyricist Maxwell Anderson assessing the pervasive influence of Greek and Roman antiquity on his plays that dominated Broadway in the first half of the twentieth century Anderson is an important though often forgotten figure in the history of American drama and the Classical Tradition The book highlights Anderson's remarkably creative use of classical antiquity while also illustrating how he served as a first hand witness and reactor to some of the main social and political events of his time It explores Anderson's major theatrical works and adaptations of ancient Greek drama and poetry including *Winterset* *The Winged Victory* the never published *Ulysses Africanus* and *Bad Seed* as well as his later minor works Anderson found in tragedians such as Aeschylus Sophocles and Euripides ideal models for the dramatic portrayal of human emotion amidst the social and political backdrop of the United States from the interwar period to the nuclear age which this book seeks to explore at length for the first time This volume is of interest to students

and scholars of Classical Reception and the Classical Tradition as well as those working on twentieth century American literature drama history and politics
