## **Who Rules World Noam Chomsky:**

*Who Rules the World?* Noam Chomsky, 2016-05-10 A New York Times Bestseller The world's leading intellectual offers a probing examination of the waning American Century the nature of U S policies post 9 11 and the perils of valuing power above democracy and human rights In an incisive thorough analysis of the current international situation Noam Chomsky argues that the United States through its military first policies and its unstinting devotion to maintaining a world spanning empire is both risking catastrophe and wrecking the global commons Drawing on a wide range of examples from the expanding drone assassination program to the threat of nuclear warfare as well as the flashpoints of Iraq Iran Afghanistan and Israel Palestine he offers unexpected and nuanced insights into the workings of imperial power on our increasingly chaotic planet In the process Chomsky provides a brilliant anatomy of just how U S elites have grown ever more insulated from any democratic constraints on their power While the broader population is lulled into apathy diverted to consumerism or hatred of the vulnerable the corporations and the rich have increasingly been allowed to do as they please Fierce unsparing and meticulously documented *Who Rules the World* delivers the indispensable understanding of the central conflicts and dangers of our time that we have come to expect from Chomsky

**Requiem for the American Dream** Noam Chomsky, 2017-03-28 A NEW YORK TIMES BESTSELLER In his first major book on the subject of income inequality Noam Chomsky skewers the fundamental tenets of neoliberalism and casts a clear cold patient eye on the economic facts of life What are the ten principles of concentration of wealth and power at work in America today They re simple enough reduce democracy shape ideology redesign the economy shift the burden onto the poor and middle classes attack the solidarity of the people let special interests run the regulators engineer election results use fear and the power of the state to keep the rabble in line manufacture consent marginalize the population In Requiem for the American Dream Chomsky devotes a chapter to each of

these ten principles and adds readings from some of the core texts that have influenced his thinking to bolster his argument To create Requiem for the American Dream Chomsky and his editors the filmmakers Peter Hutchison Kelly Nyks and Jared P Scott spent countless hours together over the course of five years from 2011 to 2016 After the release of the film version Chomsky and the editors returned to the many hours of tape and transcript and created a document that included three times as much text as was used in the film The book that has resulted is nonetheless arguably the most succinct and tightly woven of Chomsky s long career a beautiful vessel including old fashioned ligatures in the typeface in which to carry Chomsky s bold and uncompromising vision his perspective on the economic reality and its impact on our political and moral well being as a nation During the Great Depression which I m old enough to remember it was bad much worse subjectively than today But there was a sense that we ll get out of this somehow an expectation that things were going to get better from Requiem for the American Dream

**Crashing the Tea Party** Paul Street,Anthony R. Dimaggio,2015-12-03 The Tea Party has been the most high profile and controversial social movement in the US of recent times But real analysis of the Tea Party remains slim is it a genuine social movement or a topdown interest group created by the Republican Party and corporate funding Crashing the Tea Party is based on first hand observation of local Tea Party chapters and undertakes a critical journalistic and scholarly examination from the national and local level Paul Street and Anthony DiMaggio provide a carefully documented account which challenges conventional wisdoms Crashing the Tea Party fills the gap in public understanding about this particular social movement and how social movements in general relate today to the ideologies of left and right and the mass media
