

WHAT HAPPENS ONE HOUR AFTER DOING THE WIM HOF METHOD

1 FIRST 30 - 60 SECONDS

PUMPS YOUR BODY WITH VITAL OXYGEN

Deep breathwork for 30-50 cycles leads to toxic carbon dioxide leaving your system and vital oxygen flooding your body, alkalizing your system for various health benefits.

2 1 - 3 MINUTES

STILL BREATH > STILL MIND > INNER PEACE

The retention phase lasting around 1-2 minutes, lowers the oxygen tension in your blood. This signals your brain to awaken every cell and blood vessel in your body, acting like a reset switch bringing you back into harmony.

3 2 - 3 MINUTES

ENERGY RUSH

Your body signals that you now need more oxygen. Inhaling deeply makes fresh oxygen rush into your lungs, giving a sudden euphoric rush of vitality to every organ in your body, especially your brain. A controlled release of adrenaline gives you a natural 'high'.

4 3 - 20 MINUTES

FEELS GOOD? LETS DO IT AGAIN!

As you repeat the process you now feel more relaxed but alert with more energy and a pleasant glowing feeling inside. A bit like a strong cup of coffee or energy drink, without any of the jitters, cravings or side effects. Special stretching and strengthening exercises creates a more toned and firmer body.

5 20 - 25 MINUTES

COLD IS YOUR NEW WARM FRIEND

Cold therapy using cold showers or ice baths, tricks your body, switching on your survival mode. This improves metabolic efficiency, boosting vital health markers, increasing your growth hormone and testosterone levels, lowering inflammation, releasing endorphins and happy hormones like dopamine.

6 30 - 60 MINUTES

VIVA LAS VAGUS

With further practice you can control your vagus nerve and autonomic nervous system. Potentially a complementary treatment for severe diseases, free of charge and with absolutely no negative side effects.

7 60 MINUTES & BEYOND

ASTONISHING LONG-TERM BENEFITS

Control your immune system, change your core body temperature, create super human strength and stamina, sleep deeply, burn fat, reduce inflammation, have more energy and switch off stress at will. People have also reported relief and even complete recovery from autoimmune and inflammatory diseases.

IF YOU PRACTICE HARD ENOUGH YOU MAY BE ABLE TO BEAT ONE OF WIM HOF'S 26 WORLD RECORDS!

Way of The Iceman absolutely fascinating Many of us are familiar with the numerous benefits of cold training such as increased energy levels better circulation and improved mood but nothing on the subject has ever been presented of this magnitude before The legend himself Wim Hof along with Koen De Jong share not only a detailed account of Mr Hof s lifetime achievements such as running a marathon in the Arctic in just a pair of shorts but also practical actionable methods that anyone can employ This book has everything from progressive cold submersion methods to breathing techniques It delves into meditation and spirituality but also presents the hard science to back it up Any fan of physical culture or anybody curious about how far the human limits can be pushed needs to add this to their library Danny Kavadlo author of Strength Rules Wim Hof s techniques healed my gut where nothing else would And I tried everything The Way of The Iceman should be required reading The world is just beginning to realize the extraordinary gift we have in Wim Hof Mark Joyner founder of Simpleology As someone who enjoys bare chested outdoor winter calisthenics workouts Wim Hof s extreme cold weather feats immediately appealed to me The Wim Hof Method is so simple that anyone can get started right away And the results are so palpable that once you start you ll almost certainly want to keep going Al Kavadlo author of Street Workout and Pushing The Limits Wim Hof first came across my radar a few years ago when I heard of a crazy Dutchman defying the laws of thermodynamics How could a man submerge himself in freezing water for prolonged periods of time without hypothermia How was it possible for his body temperature to stay the same during the process This book is an enlightening look into the nervous system and the amazing power of the mind Don t mistake this for simple cold therapy although that is a piece of the puzzle This book will give you a front row seat to an education on the nervous system and how one man and his disciples have learned to control it in a way that we previously thought was impossible I found The Way of The Iceman fascinating Max Shank founder of Ultimate Athleticism and author of Master The Kettlebell When I read The Way of The Iceman I was struck with awe and hope Wim has brought scientific evidence to what I personally believe and have been teaching my students for years about breathing bioenergetics and our connection to the spirit world By demystifying the religious Wim is helping to support a Truth in the New World mainly that spirituality without science descends into superstition and science without spirituality degrades humanity into the meaninglessness of materialism Elliott Hulse Wim Hof makes the seemingly mystical and extraordinary ridiculously easy to access Anyone who is willing to explore the latent powers of deep breathing and imagination will feast upon his unique story and his method of overpowering the unconquerable elements of nature Matt Furey author of Combat Conditioning What lies within this book is the key to accessing power whenever and wherever on demand A tool to transcend consciousness and tap into the highest version of yourself Never have I experienced anything that allowed me to instantly shift vibration and release such energy AJ Roberts Fitness Hall of Fame and All Time World Record Holder [Beyond Cold Showers](#) Hunter Hazelton,2023-08-16 *Summary of Wim Hof Method by Wim Hof* Genius Reads,2020-10-26 Note to Readers This is an unofficial summary analysis of Wim Hof s Wim Hof Method designed to enrich

your reading experience THE WIM HOF METHOD BY WIM HOF will describe a method that combines breathing exercises cold training and commitment The method is named after Wim Hof the extreme athlete who brought these three components together It is also named after Hof for practical reasons he is already well known for his many appearances on television showing how his body is able to deal with extreme temperatures The method is based on Wim Hof s many years of training in the natural environment For a long time he has tested his body s limits by exposing himself to increasingly extreme challenges An important discovery made during this process was his ability to control his bodily functions in a way that science had not deemed possible For example anyone can lift their right hand and scratch their nose with their index finger but no one can fight bacteria that have been injected into their arm Hof can do that He can influence and control his autonomic nervous system The autonomic nervous system regulates human functions such as body temperature heart rate blood pressure and breathing and determines whether blood vessels should dilate or contract In other words the biological functions that happen in your body automatically
