*Multinational Financial Management* Alan C. Shapiro, 2009-03-11 As more businesses in today's economy are moving towards a global reach it is essential for finance students to understand how the fundamentals of corporate finance relate to multinational firms Shapiro's *Multinational Financial Management* 9th Edition provides that conceptual framework within which key financial decisions of a multinational firm can be analyzed The author's comprehensive approach is to treat international financial management as a natural extension of the principles learned in the first course in financial management The book builds its coverage of international finance on the framework of valuation established by domestic corporate finance It can be used in courses in International Financial Management and International Finance at the upper level undergraduate or MBA level

**Introduction to Corporate Finance: Asia-Pacific Edition with Online Study Tools** 12 Months John R. Graham, Scott B. Smart, Christopher Adam, Brindha Gunasingham, 2016-08-09 Introduction to Corporate Finance offers a dynamic modern and practical approach that illustrates how financial management really works It features up to date content including the impact of the Global Financial Crisis and capital budgeting Introduction to Corporate Finance is distinguished by the cash flow arc of the narrative which gives a practical learning path and the use of real options which is a practical analysis tool that is used in corporate finance Students are thus provided with the most engaging and contemporary learning path of any Australian text giving them realistic preparation for a career in finance The strong five part framework of the book is supported by integrated online elements and easy to read text

*International Financial Management* Cheol S. Eun, Bruce G. Resnick, 2004 This work aims to teach students how to be effective global financial managers It covers the fundamentals of the macroeconomic environment of international financial management and discusses the financial environment in which the multinational firm and its managers must function It also covers foreign exchange management and financial management in a multinational firm Internet relevance has been added with URLs in the margin where appropriate

**International Financial Management** Cheol Eun, Bruce G. Resnick, 2007 International Financial Management combines the fundamental concepts of international finance with solid practical applications This combination has made it the book of choice at a variety of institutions including top business schools such as Wharton Stanford Northwestern and INSEAD Neither superficial nor overly theoretical Eun and Resnick's approach offers a conceptually solid yet still relevant treatment of international financial topics that puts students on the right track to becoming effective global financial managers

**Canadian Financial Management** Brigham, 1994

**Financial Management** Raymond Brooks, 2010 Provides an introductory text on the core concepts of finance that first connects readers with their personal financial experiences before discussing aspects of corporate finance Covers subjects such as the time value of money bond pricing stock valuation capital decision making forecasting and performance evaluation Includes worked examples
