This book is a celebration of the Gavriel Salvendy International Symposium GSIS and provides a survey of topics and emerging areas of interest in human automation interaction. This book for the GSIS emphasizes main thematic areas: manufacturing services and user experience. Main areas of coverage include Section A: Advanced Production Management and Production Control; Section B: Healthcare Automation; Section C: Measuring and Modeling Human Performance; Section D: Usability and User Experience; Section E: Safety Management and Occupational Ergonomics; Section F: Manufacturing and Services; Section G: Data and Probabilistic Information; Section H: Training and Collaboration Technologies.
