**Blockchain for Business** Yannis Kalfoglou, 2021-07-19 This book sets out to explain blockchain for the non technical expert to decipher the dense technicalities that dominate the field and to present the opportunities for busy professionals using practical applications and case studies Presented in a clear and structured way and with documented real world cases the book is a practical reference guide that can be used across different industries It offers both a constructive and critical review of the pain points blockchain is facing today illustrates the pitfalls as well as the opportunities for business and describes the steps towards overcoming them It also aims to provide a unique view of both the intersection and synergy of blockchain with other

emerging technologies and the wider digital ecosystem as we see increasingly that blockchain alone won't be able to deliver business solutions. Most important, the book identifies trends and a path for the future of blockchain and its impact on society as a whole. The book is written for business audiences across all sectors. It is not a technical guide to blockchain but it enables businesspeople to be better informed and prepared to plan ahead and develop strategies using blockchain.
