Complications Surgeons Notes Imperfect Science:

Complications Atul Gawande, 2002-04-04 A book about medicine that reads like a thriller *Complications* Atul Gawande, 2010-07-09 The international bestseller from the author of *Being Mortal* In these gripping accounts of true cases bestselling author Atul Gawande performs exploratory surgery on medicine itself laying bare a science not in its idealised form but as it actually is complicated perplexing and profoundly human This is a stunningly well written account of the life of a surgeon what it is like to cut into people's bodies and the terrifying literally life and death decisions that have to be made operations that go wrong of doctors who go to the bad why autopsies are necessary what it feels like to insert your knife into someone Written as tautly as a thriller **Observer**

Complications Atul Gawande, 2002 Atul Gawande offers an unflinching view from the scalpel's edge where science is ambiguous information is limited the stakes are high yet decisions must be made In dramatic and revealing stories of patients and doctors he explores how deadly mistakes occur and why good surgeons go bad He shows what happens when medicine comes up against the inexplicable an architect with incapacitating back pain for which there is no physical cause a young woman with nausea that won't go away a television newscaster whose blushing is so severe that she cannot do her job Gawande also ponders the human factor that makes saving lives possible
