**Civil Society and the Political Imagination in Africa** John L. Comaroff, Jean Comaroff, 1999 The essays in this important new collection explore the diverse unexpected and controversial ways in which the idea of civil society has recently entered into populist politics and public debate throughout Africa In a substantial introduction anthropologists Jean and John Comaroff offer a critical theoretical analysis of the nature and deployment of the concept and the current debates surrounding it Building on this framework the contributors investigate the problem of civil society across their regions of expertise which cover the continent Drawing creatively on one another's work they examine the impact of colonial ideology postcoloniality and development practice on discourses of civility the workings of everyday politics the construction of new modes of selfhood and the pursuit of moral community Incisive and original the book shows how struggles over civil society in Africa reveal much about larger historical forces in the post Cold War era It also makes a strong case for the contribution of historical anthropology to contemporary discourses on the rise of a new world order Over the Rainbow? The Road to LGBTI Inclusion OECD, 2020-06-24 Discrimination against LGBTI people remains pervasive while its cost is massive This report provides a comprehensive overview of the extent to which laws in OECD countries ensure equal treatment of LGBTI people and of the complementary policies that could help foster LGBTI inclusion The History of Ideas David Runciman, 2024-07-04 THE TIMES BEST IDEAS BEST BOOKS OF THE YEAR 2024 A splendid book economical invigorating and surprising The Times He has that gift both as a podcaster and as a writer to illuminate abstruse and abstract ideas with human charm Observer In this bold new follow up to *Confronting Leviathan* David Runciman un.masks modern politics and reveals the great men and women of ideas behind it What can Samuel Butler's ideas teach us about the oddity of how we choose to organise our societies How did Frederick Douglass not only expose the horrors of slavery but champion a new approach to abolishing it Why should we tolerate snobbery betrayal and hypocrisy as Judith Shklar suggested And what does Friedrich Nietzsche predict for our future From Rousseau to Rawls fascism to feminism and pleasure to anarchy this is a mind bending tour through the history of ideas which will forever change your view of politics today **Congressional Record** United States.
