The Different Representation of Lady Macbeth's Character and Performance in a Stage and a Film Production Lukas Jan,2018-04-04 Seminar paper from the year 2016 in the subject Didactics for the subject English Literature Works grade 1 7 University of Tübingen language English abstract The use of Lady Macbeth as a byname nowadays is very common especially in politics Her special role her courage pride and demeanour impress us in such a way that we still compare a fictional character to real women who have similar characteristics like the First Lady for example The power and influence the First Lady has on her husband the President is sometimes underestimated as it also happened with Lady Macbeth in the tragedy In the United States the role of the First Lady is more important than anywhere else During the election campaign she supports and encourages her husband and also assists him in the presidency Edith Wilson for example substituted for her husband Woodrow Wilson when he was ill in 1919 and adopted the executive power of the U S government The reason Smith and Cook compare Mrs Wilson and other First Ladies with Lady Macbeth is not arbitrary Already in the original of Shakespeare's *The Tragedy of Macbeth* first performed in 1606 he represented Lady Macbeth as a very strong and influential woman and wife with a special firmness of character The popularity of the character and the tragedy itself brought forth many different productions and adaptations There are a lot of ways to understand interpret and implement Shakespeare's tragedies into movies and stage productions Each production pursues its own concept in staging and how the story shall be presented Therefore the production company chooses a director and cast who can opine their conception in the best way Hence they have the difficult and honourable task to implement this distinguished piece of work into a film or theatre production Marion Cotillard and Samantha Spiro who were both cast for a *Macbeth* production are two completely different actresses in their mannerism look and acting style but the companies thought that they were perfectly suited for the role of Lady Macbeth and so they had the difficult task to play her Marion Cotillard had already received many awards for her acting and became a very popular Hollywood actress during the final years She played Lady Macbeth opposite Michael Fassbender in the 2015 film production by Justin Kurzel Samantha Spiro played Lady Macbeth at the Globe theatre in London in 2013 This production was the directorial debut of Eve Best

Bergman's life, his cultural background, his entire artistic career, and extensive annotated bibliographies of interviews and critical writings on Bergman. *Voices Past and Present - Studies of Involved, Speech-related and Spoken Texts* Ewa Jonsson, Tove Larsson, 2020-10-15. This volume provides a diachronic and synchronic overview of linguistic variability and change in involved speech-related and spoken texts in English. While previous works on the topic have focused on more limited time periods, this book covers data from the 16th century up to the present day. The studies offer new insights into historical and present-day corpus pragmatics by identifying and exploring features of orality in a variety of registers. For readers who are new to the field, the range of approaches will provide a helpful overview; for readers who are already familiar with the field, the volume will shed light on the complexity of factors such as register, sociolinguistic variability, and language attitude, thus making it a useful resource and stepping stone for further exploration. The volume celebrates the groundbreaking contributions of Professor Merja Kyt in making accessible speech-related corpus material and leading the way in its exploration.
