

The image shows the front cover of the book 'Mortality' by Christopher Hitchens. The cover features a black and white photograph of Christopher Hitchens, a man with a beard and balding head, wearing a dark suit jacket over a light-colored shirt and tie. He is looking slightly to the right of the camera with a serious expression. The background is a textured, light brown or tan color. The title 'CHRISTOPHER HITCHENS' is printed in a large, white, serif font across the middle of the cover. Below it, the word 'Mortality' is written in a smaller, white, serif font, separated by a thin horizontal line.

**Mortality** Christopher Hitchens, 2012-09-04 Courageous insightful and candid thoughts on malady and mortality from one of our most celebrated writers On June 8 2010 while on a book tour for his bestselling memoir Hitch 22 Christopher Hitchens was stricken in his New York hotel room with excruciating pain in his chest and thorax As he would later write in the first of a series of award winning columns for Vanity Fair he suddenly found himself being deported from the country of the well across the stark frontier that marks off the land of malady Over the next eighteen months until his death in Houston on December 15 2011 he wrote constantly and brilliantly on politics and culture astonishing readers with his capacity for superior work even in extremis Throughout the course of his ordeal battling esophageal cancer Hitchens adamantly and bravely refused the solace of religion preferring to confront death with both eyes open In this riveting account of his affliction Hitchens poignantly describes the torments of illness discusses its taboos and explores how disease transforms experience and changes our relationship to the world around us By turns personal and philosophical Hitchens embraces the full panoply of human emotions as cancer invades his body and compels him to grapple with the enigma of death Crisp and vivid veined throughout with penetrating intelligence *Mortality* is Hitchens's testament a courageous and lucid work of literature an affirmation of the dignity and worth of man

**Summary of Mortality: Christopher Hitchens' Essays on Dying by Christopher Hitchens** BestPrint, 2021-08-30 *Mortality* 2012 presents a collection of essays written by Christopher Hitchens after he was diagnosed with esophageal cancer In these blinks you'll explore fundamental questions addressing death and life the nature of pain and how we cope with them

*Summary of Christopher Hitchens's Mortality* Everest Media, 2022-04-30T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Christopher's funeral was held in the Great Hall at Cooper Union in Greenwich Village His friends and colleagues read from his work and Hollywood stars such as Sean Penn attended 2

Christopher was one of life's singular characters. He was a wit, a charmer, a troublemaker, and a dear and devoted friend. He was a man of insatiable appetites for cigarettes, for scotch, for company, and for great writing. Christopher was a legend on the speaking circuit and could debate just about anyone on anything. He won umpteen awards and in the last decade he wrote bestsellers including his well-received memoir *Hitch 22*.<sup>4</sup> I had a heart attack and while I was still in denial, my doctors took me to an oncologist. The shadow was spreading itself across the negatives.

**Mortality's Muse** D. T. Siebert, 2013-10-10

The inevitability of death, that of others and our own, is surely among our greatest anxieties. *Mortality's Muse: The Fine Art of Dying* explores how art, mainly literary art, addresses that troubling reality. While religion and philosophy offer important consolations for life's end, art responds in ways that are perhaps more complete and certainly more deeply human. Among subjects treated: the *ars moriendi* or art of dying tradition; the contrast between past and more recent cultural values; the religious consolation's value but shortcoming for some people; the role of art in offering a secular consolation; dying as a performing art; the philosophic ideal of good death; the lively appeal of *carpe diem* or living for the present moment; the elegiac sense of life; and the two opposite parts *Mortality's Muse* has played in dealing with war: the most senseless and unnecessary cause of death. The idea of an aesthetic sense of life forms the basis of these discussions. Human beings are makers in the largest sense of the word, and art represents everything they make: civilization itself, with all its greatness and failings. Our civilization may ultimately be nothing but an evanescent blip in the cosmos. Even so, the creation of beauty, meaning, and purpose from disorder and suffering defines us as human beings. In the words of Robinson Jeffers, even if monuments eventually crumble and all art perish, yet for thousands of years, carved stones have stood and pained thoughts found the honey of peace in old poems.

[The God Debaters](#) Adrian Rosenfeldt, 2022-05-04

This book examines the post-9/11 God debate in the West. Through a close study of prominent English God debaters, Richard Dawkins, Karen Armstrong, Christopher Hitchens, and Terry Eagleton, Adrian Rosenfeldt demonstrates that New Atheist and religious apologist ideas and arguments about God, science, and identity are driven by mythic autobiographical narratives and Protestant or Catholic cultural heritage. This study is informed by criticism of the New Atheist polemic as being positivistic and the religious apologists as propagating sophisticated theology. In both cases, the God debaters are perceived as disassociating themselves from human lived experience. It is through reconnecting the God debaters' intellectual ideas to their cultural and social background that the God debate can be grounded in a recognizable human reality that eludes reductive distinctions and disembodied abstractions.

**The Christopher Hitchens 4-Book Collection** Christopher Hitchens, 2013-12-10

Christopher Hitchens is the greatest essayist in the English language. Christopher Buckley says Christopher Hitchens has long been considered one of the most compelling and intelligent writers and orators on our time. In this four-volume eBook bundle, no subject is left unconsidered in Hitchens's hands, from the case against God and religion in *God Is Not Great* to various Amusements, Annoyances, and Disappointments in *Arguably the Ten Commandments*, the concept of funny from a memoir tracing his

acclaimed psychologists whose life's work has focused on death anxiety examine all the major human responses to death across history. From the development of religious systems denying the finality of death to immortality projects involving enduring art, architecture, and literature, some of the consequences of our fear of death have been glorious, while others have been destructive, leading to global conflicts and genocide. Looking forward, Mortals hypothesises that worse could be to come: our unconscious dread of death has led to rampant consumerism and overpopulation, driving the global warming and pandemic crises that now threaten our very existence. In a terrible irony, Homo sapiens may ultimately be destroyed by our knowledge of our own mortality. A fascinating tour of our species' attempts across millennia to come to terms with mortality, Mortals offers a stunning glimpse into what our fear of death means for our future. A must read.
