The earth's environment gives us our basic needs, and quite naturally, many of us have the same requirements as others for a living. These basic needs include food, cloth, and shelter. Therefore, despite our distinct appearance, characteristics, and cultures, we are all the same species. This is why human-environment interactions of the Tropical and Subtropical Regions of the planet are important for learning the various aspects of its wildlife, population, etc. In CBSE Class 7 Social Science Geography Chapter 8, you will be learning about these interactions in detail.
