Ethical Decision Making in Therapy Elizabeth J. Rave, Carolyn C. Larsen, 1995-08-04 How can clear but abstract ethical principles be applied in the real world of therapy What is the ethical course when two or more principles conflict What are ethical approaches on issues not addressed in traditional professional ethics codes This volume grapples with these and related questions and offers an innovative feminist model that acknowledges the importance of affect in ethical decision making Case scenarios raise ethical dilemmas typical of everyday practice and experienced feminist therapists explain how they might respond A major goal of this volume write editors Rave and Larsen is to sensitize therapists and therapists in training to ethical issues affecting women and girls in therapy Recognizing that women still comprise the majority of clients in most therapy settings each section of the book begins with a context setting discussion on why the issue is important to women Topics include Labeling and diagnosis Money issues including those which arise in managed health care Client therapist overlapping relationships Violence against women Health and reproductive issues Special concerns in treating

children and older women Balancing therapist self care with clients needs At least two therapists respond to each ethical dilemma applying the Feminist Therapy Institute s Code of Ethics developed in 1987 as well as traditional ethical codes of the mental health professions The discussions offer clear and practical guidelines for recognizing and resolving ethical dilemmas encouraging readers to compare their own philosophical viewpoints and ethical approaches Each section concludes with a discussion of implications and references Differences and diversity in race ethnicity and sexual preference are integrated throughout the scenarios and responses The editors and contributors to this book who are from Canada and the United States also represent these diversities as well as a range of disciplines and professions Ethical Decision Making in Therapy Feminist Perspectives will be of lasting importance to psychologists psychiatrists social workers counselors and nurses regardless of setting or theoretical orientation Because ethics education minimal until recently in many mental health training programs is an essential component in training and continuing education this volume serves as a text for students and a resource for professionals
