*The Evolution of Ethan Poe* Robin Reardon,2011-01-28 In the space of a few months sixteen year old Ethan Poe s life has become a complicated mix of facts theories and hypotheses Things he knows beyond doubt his parents are divorcing his older brother Kyle is exhibiting alarming behavior and his best friend is turning into a spiritual fanatic Then there are the shifting uncertainties including his feelings toward his father and his desire to both blend in and stand out in his rural Maine hometown Most pressing of all there s his attraction to Max Modine a boy he wants to know much better than he does Despite Ethan s initial reluctance he gets pulled into a heated and sometimes violent conflict about whether to introduce Intelligent Design into science classrooms Family and friends are turning against each other school is a battleground and Ethan will have to take a stand Because some facts are irrefutable and some bonds unbreakable even when they can t be seen And once Ethan finds the courage to become who he was meant to be the outcome could be absolutely extraordinary Praise for the novels of Robin Reardon Stirring thoughtful and convincing Publishers Weekly on Thinking Straight A compelling story well worth your time Reardon is an author to watch Bart Yates author of The Brothers Bishop on A Secret Edge

there s ostracism in this life and certain damnation in the next Jude wants desperately to be saved to believe with the fervor
