Introduction to the Qur'ān, 2019

Islam in South Asia Jamal Malik, 2020-04-06 Islam in South Asia Revised Enlarged and Updated Second Edition traces the roots and development of Muslim presence in South Asia Trajectories of normative notions of state building and the management of diversity are elaborated in four clusters augmented by topical subjects in excursions and annexes offering an array of Muslim voices The enormous time span from 650 to 2019 provides for a comprehensive and plural canvas of the religious self presentation of South Asian Muslims Making use of the latest academic works and historical materials including first hand accounts ranging from official statements to poetry Malik convincingly argues that these texts provide sufficient evidence to arrive at an interpretation of quite a different character With major and substantial revisions changes abridgements and additions follow the academic literature produced during the last decades

Islam in Pakistan Muhammad Qasim Zaman, 2018-05 The first book to explore the modern history of Islam in South Asia The first modern state to be founded in the name of Islam Pakistan was the largest Muslim country in the world at the time of its establishment in 1947 Today it is the second most populous after Indonesia Islam in Pakistan is the first comprehensive book to explore Islam's evolution in this region over the past century and a half from the British colonial era to the present day Muhammad Qasim Zaman presents a rich historical account of this major Muslim nation insights into the rise and gradual decline of Islamic modernist thought in the South Asian region and an understanding of how Islam has fared in the contemporary world Much attention has been given to Pakistan's role in sustaining the Afghan struggle against the Soviet occupation in the 1980s in the growth of the Taliban in the 1990s and in the War on Terror after 9/11 But as Zaman shows the nation's significance in matters relating to Islam has much deeper roots Since the late nineteenth century South Asia has witnessed important initiatives toward rethinking core Islamic texts and traditions in the interest of their compatibility with the imperatives of modern life Traditionalist scholars and their institutions too have had a prominent presence in the region as have Islamism and Sufism Pakistan did not merely inherit these and other aspects of Islam Rather it has been and remains a site of intense contestation over Islam's public place meaning and interpretation Examining how facets of Islam have been pivotal in Pakistani history Islam in Pakistan offers sweeping perspectives on what constitutes an Islamic state
