TELEGRAPH Fascinating SPECTATOR In the Middle Ages Jews were hated for their religion In the twentieth century they were hated because of their race Today Jews are hated for something else entirely their nation state of Israel Antisemitism has morphed into something both ancient and modern Israelophobia But how did this transformation occur And why Award winning journalist Jake Wallis Simons answers these questions clarifying the line between criticism and hatred exploring game changing facts and exposing dangerous discourse Urgent incisive and deeply necessary Israelophobia reveals why the Middle East s only democracy which uniquely respects the rights of women and sexual and religious minorities attracts such disproportionate levels of slander Rather than defending Israel against all criticism it argues for reasonable disagreement based on reality instead of bigotry Through charting the history of Israelophobia starting in Nazi Germany travelling via the Kremlin to Tehran and along fibre optic cables to billions of screens and using it to understand contemporary prejudice this timely book will restore much needed sanity to the debate creating the space for mutual understanding tolerance and peace
