The SAGE Guide to Writing in Criminal Justice Research Methods Jennifer M. Allen, Steven Houglan, 2020-01-28 The SAGE Guide to Writing in Criminal Justice Research Methods equips students with transferable writing skills that can be applied across the field of criminal justice both academically and professionally Authors Jennifer M Allen and Steven Houglan interweave professional and applied writing academic writing and information literacy with the result being a stronger more confident writer researcher and student in criminal justice Focused on teaching students how to write in the academic setting while introducing them to a number of other writing tools specific to research methods such as writing literature reviews abstracts proposals and more The perfect companion for any criminal justice research methods course this brief text focuses on key topics that will benefit students in their classes and in the field High Impact Practices in Higher Education Enakshi Sengupta, 2023-09-27 Collating various case studies policies and other real world research this book examines effective high impact learning practices and demonstrates approaches that promote learning communities and common intellectual experiences **Transformational Teaching** Kenneth S. Coley, Martha E. MacCullough, Deborah L. MacCullough, 2023-02-15 Transformational Teaching by Kenneth Coley Martha MacCullough and Debbie MacCullough provides a comprehensive Christ centered introduction to instructional design and effective teaching It will be useful for education courses teachers in training and experienced teachers who want to elevate their pedagogy from a Christian framework **The Radical Case for Teaching Skim Reading in First-Year Writing** Ellen C. Carillo, 2025-10-15 The Radical Case for Teaching Skim Reading in First Year Writing encourages faculty particularly in writing studies to check internal biases toward deep reading and teach skim reading in first year writing courses Written by Ellen C Carillo who has previously published on the importance of teaching deep reading this small book is a controversial prompt for further discussion and exploration Data from studies of the lived experiences of undergraduates indicate that students do not need deep reading practices in the majority of their classes across the disciplines and moreover that students succeed in their classes by skim reading Rather than imagining an idealized set of circumstances that allow for sustained deep reading as does a great deal of the scholarship on reading in writing studies The Radical Case for Teaching Skim Reading in First Year Writing argues for teaching students reading practices that will support their success in their college writing assignments rather than those strategies the field believes should support their success In our information landscape and our fragile democracy encouraging skimming as opposed to deep reading may seem like a gamble this very tendency toward the quick rather than the critical has undoubtedly contributed to the current crisis of mass misinformation However teaching students to use skim reading as a strategic tool for purposeful engagement and efficient yet thoughtful information filtering better equips them to navigate the rapidly changing information landscape and manage the fast paced flow of content from diverse media sources **Washington and Leaver's Principles and Practice of Radiation Therapy - E-BOOK** Charles M.
