Prentice Hall World History Elisabeth Gaynor Ellis,2009 **World History: Connections to Today** Prentice Hall (School Division),2005-06-30 **World History Connections to Today** Gernigon,Prentice Hall (School Division),2003-08-01 **World History: Connections to Today** Prentice Hall (School Division),2004-11-30 **The Prentice Hall Atlas of World History** Pearson/Prentice Hall,2009 Thoroughly revised and updated The Prentice Hall Atlas of World History Second Edition applies the most modern and innovative map making techniques to present both a broad overview and a detailed examination of the many strands of global history Features of the atlas include An integrated cartographic approach that allows readers to look at world history from a number of different perspectives global thematic regional and chronological two page maps that provide a comprehensive overview of world history at key time periods and introductions focus questions timelines and map annotations that promote deeper examination of the interplay between geography and history Back Cover World Yearbook of Education 2011 Lyn Yates,Madeleine Grumet,2011-02-01 How do curriculum conceptions of knowledge and the schooling experiences of young people engage the great issues of this tumultuous time Curriculum is always influenced by the events that shape our world but when testing and bench marking preoccupy us we can forget the world that is both the foundation and the object of curriculum This edited volume brings together international contributors to analyze and reflect on the way the events of the last decade have influenced the curriculum in their countries As they address nationalism in the face of economic globalisation the international financial crisis immigration and the culture of diaspora they ask how national loyalties are balanced with international relationships and interests They ask how the rights of women and of ethnic and racial groups are represented They ask what has changed about history and civics post 9 11 and they ask how countries that have experienced profound political and economic changes have addressed them in curriculum These interactions and changes are a subject of particular interest for an international yearbook in that they are almost always permeated by global movements and influenced by multinational bodies and practices And as these essays show in curriculum global and international issues are explicitly or implicitly also about local and national interests and about how citizens engage their rights and responsibilities This volume brings together a new approach to perspectives on curriculum today and a new collection of insights into the changes from different parts of the world which discuss How is the world represented in curriculum How do responses to world events shape the stories we tell students about who they are and can be This book will be of great benefit to educational researchers and policy makers as well as undergraduate and postgraduate students **Prentice Hall world history** Elisabeth Gaynor Ellis,2007 *World History* Elisabeth Gaynor Ellis,Anthony Esler,2007-02-28 *The New Politics of the Textbook* Heather Hickman,Brad J. Porfilio,2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K 16

schools to perpetuate their interests at the expense of minoritized social groups The contributors provide a comprehensive examination of how textbooks the most dominant cultural force in which corporations and political leaders impact the schooling curricula shape students thoughts and behavior perpetuate power in dominant groups and trivialize social groups who are oppressed on the structural axes of race class gender sexuality and dis ability Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism militarism consumerism White supremacy heterosexism rugged individualism technology and a positivistic conception of the world Finally the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other to reflect upon the constitutive forces causing oppression in schools and in the wider society and to reflect upon how to challenge corporate and political dominance over knowledge production
