**Economics and Literature** Çınla Akdere,Christine Baron,2017-09-27 Since the Middle Ages literature has portrayed the economic world in poetry drama stories and novels The complexity of human realities highlights crucial aspects of the economy The nexus linking characters to their economic environment is central in a new genre the economic novel that puts forth economic choices and events to narrate social behavior individual desires and even non economic decisions For many authors literary narration also offers a means to express critical viewpoints about economic development for example in regards to its ecological or social ramifications Conflicts of economic interest have social political and moral causes and consequences This book shows how economic and literary texts deal with similar subjects and explores the ways in which economic ideas and metaphors shape literary texts focusing on the analogies between economic theories and narrative structure in literature and drama This volume also suggests that connecting literature and economics can help us find a common language to voice new critical perspectives on crises and social change Written by an impressive array of experts in their fields Economics and Literature is an important read for those who study history of economic thought economic theory and philosophy as well as literary and critical theory [Ius Doni in International Law and EU Law](#) Christian H.

Kälin,2019-03-27 In [Ius Doni in International Law and EU Law](#) Dr Christian H Kälin establishes the concept of ius doni in the contemporary legal and political theorising of citizenship Providing a comprehensive analysis of the subject the book discusses the legal and political concepts of citizenship It also introduces a new term for what is already an increasingly common and accepted practice of granting citizenship on the basis of substantial contributions to the State Consisting of two main parts law and practice the monograph analyses the ius doni concept in both international law and EU law further tests its application in practice and establishes best practices among states Finally the book discusses the conceptual and practical implications for citizenship

**Real Property in Australia** Michael J. Hefferan,2020-08-17 Real property in the form of investment ownership and use pervades almost every aspect of daily lives and represents over 40% of Australia s wealth Such assets do not exist in isolation they are dynamic and forever evolving impacted by a range of physical economic demographic legal and other forces Consequently a true appreciation of individual assets and of the property sector as a whole demands an understanding of both the assets themselves and the context and markets in which they exist The sector is complex and on the face of it confusing It is however not without logic and underlying themes and principles This book provides a wider understanding of how the real property sector works It covers topics such as the nature of real property and its functions economic drivers valuation principles legal and tenure parameters property taxation land development and subdivision asset and property management and sustainability all critical components in this complex and critically important sector It provides a wide and balanced perspective for experienced practitioners investors students and anyone involved in property decision making or wishing to secure a deeper understanding of these areas The book integrates research based

theory with practical application and first hand insights into a sector that underpins the Australian economy its communities and its sustainability *Emerging ICT Policies and Regulations* V. Sridhar, 2019-09-26 This book constructs both educational and research arguments on various dimensions of Information and Communication Technology ICT policy and regulation There has been a paradigm shift in the ICT industry due to convergence of various technologies the ubiquity of the Internet the emergence of app economy and the pervasiveness of social media These pose policy and regulatory challenges in the areas of industry structure market power of firms pricing of products and services interconnection of networks radio spectrum management intellectual property rights data privacy and security The common thread throughout the different sections of the book is the massive adoption of digitization by individuals enterprises governments and societies and the critical role of associated regulation and policy for its success The book addresses 13 important questions in the areas of i Telecom Regulation including bundling of products and services interconnection and radio spectrum ii Internet Regulation including governance of the Internet Net Neutrality quality of service and cyber security iii App Economy Regulation including Over The Top communication and broadcast services ICT platform intermediation sharing economy data protection and privacy and iv Emerging Technology Regulation including Artificial Intelligence and Intellectual Property Rights The book explains technology and related regulatory concepts in an easy to read format and includes brief case studies describing the regulatory approaches from different countries Specific focus is given to the regulatory landscape in India surrounding these questions and the lessons for similar emerging countries Written in the form of contemporary questions and answers this unique book appeals to researchers in ICT policy and regulation regulators and policymakers as well as students interested in the subject area The book comprehensively covers the current and emerging policy and regulatory issues relating to ICT especially as applicable to India Further it provides a theoretical framework for analysing each regulatory issue along with practical implications A good reference for researchers regulators and policy makers Dr R S Sharma Chairman Telecom Regulatory Authority of India This book by Professor Sridhar provides an excellent overview of the challenges that the world faces in coping with the dynamic new emerging digital technologies that affect the way we work play and communicate with each other As the internet and mobile telephony becomes more ubiquitous and accessible to everyone regardless of socio economic class ICT can be used for good or for mischief The book lays out the issues of regulating global ICT and policies that governments should adopt to enable its productive and positive use Dr G Anand Anandalingam Ralph J Tyser Professor of Management Science Robert H Smith School of Business University of Maryland U S A Using problem centric approach successfully opens the complexity of ICT regulation to a wider audience Through cleverly chosen topical case examples the book links the problems of Indian and international ICT markets Dr H mm inen Heikki Professor Department of Communications and Networking Aalto University Finland Prof Sridhar is a Thought Leader in the Telecom space and I have enjoyed my interaction with him over the years This book is an excellent compendium

looking at the main regulations and policies with reference to the ICT sector It serves as a ready reckoner for new entrants and professionals alike providing global and local perspectives on topics that impact the growing Digital Economy P Balaji Chief Regulatory and Corporate Affairs Officer Vodafone Idea Limited India Emerging ICT Policies and Regulations Roadmap to Digital Economies is a must read for understanding essential questions regarding ICT Policy and Regulation as digitization develops locally and globally With useful information on the case of India and other countries the book provides a clear comprehensive and cogent capture of relevant concepts and practices as well as emerging challenges Powerful illustrations make concrete the nuance of regulatory approaches and provide added value for the reader Dr Nanette S Levinson Professor Internet Governance Lab School of International Service American University USA Reference books are usually an important source of information but they are often not very readable I am glad to say that Prof Sridhar has managed to produce a very well written account of ICT regulation and policies with a focus on India and the result is a comprehensive and interesting volume with a number of very useful chapters many of them easily digested on their own The book is highly recommended for members of the internet and telecommunications industries regulators and researchers Dr Jairo Gutierrez Professor and Deputy Head Engineering Computer and Mathematical Sciences Auckland University of Technology New Zealand Professor Sridhar s book provides the required regulatory theory and framework on 13 most important issues of the digital economy and provides guidance for setting policies and rules A comprehensive reference for students and practitioners in the area of ICT regulation Dr S Sadagopan Director and Professor International Institute of Information Technology Bangalore India Emerging ICT Policies and Regulations puts together invaluable and timely research in mapping and analysing the various issues faced by digital economy in India Prof Sridhar has captured the most pressing issues in it pertaining to Competition Law and Policy Intellectual Property Rights net neutrality data privacy regulating OTT services etc not just comprehensively but in a reader friendly way A must read for anyone wanting to get insights on the numerous challenges involved in optimally regulating ICT driven services Pradeep S Mehta Secretary General Consumer Unity net neutrality or interconnection cybersecurity or privacy Sridhar peels off layers and presents underlying tensions within the fast paced technological revolution and rather slow evolution of policy regulation Deepak Maheshwari Former Secretary ISP Association of India Co Founder National Internet eXchange of India Former Chair IEEE Internet Initiative India An encyclopedic mapping of regulatory challenges and solutions for the sector by the always insightful Prof Sridhar Through a single book he provides an accessible guide to a plurality of regulations impacting the various layers of the OSI model Sunil Abraham Executive Director Centre for Internet Society India
