

10. If you are given different frequency table, which method will be the most appropriate?

**Answer:**

1. If the data is given in frequency table, then we will use the following method.

**Example:** The following table represents the distribution of marks obtained by 100 students in the 10th class. Draw the pie chart.

**Answer:**

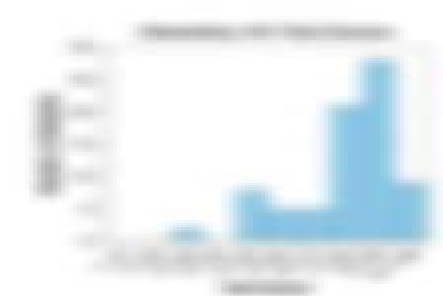

1. In the graph, the height of rectangular bars is called the height of the bar representing the number of items in each category.

**Example:** The following bar graph shows the number of items in each category. Draw the bar graph.

**Answer:**

2. In a histogram, the height of each bar represents the frequency of the corresponding class. Therefore, the bars represent classes and their height are corresponding to the frequency of the class.

web jul 31 2018 i am one of ted dekker s biggest fans i loved that this book connected to the world of the circle trilogy it had a lot of the same flavor of those books tied with some of the style of the water walker books it had some more abstract

concepts and verbiage than the circle series which i haven t decided if i like that as much
