The Town That Didn't Exist John Atlas, 2026-01-28 The Town That Didn't Exist: How a copyright trap became a real place tells the whimsical true story of Agloe, New York. In the 1930s, the General Drafting Co. created a map and inserted a fake town called Agloe, an anagram of the directors' initials, on a dirt road in the Catskills. This was a copyright trap designed to catch competitors stealing their work. Author John Atlas details the twist. Years later, Rand McNally released a map that also showed Agloe. General Drafting sued for plagiarism, but Rand McNally won. Why? Because people had looked at the first map, driven to the spot, and built a general store called Agloe General Store, assuming that was the town's name. The fake town had willed itself into existence. The Town That Didn't Exist is a philosophical journey into how maps shape territory. It explores the concept of Paper Towns and how fiction can become reality if enough people believe in the lines drawn on a page. Nerdfighteria, a first of its kind online literary community with nearly three million members, challenges these assumptions. It is the brainchild of brothers Hank and John Green, who provide literary-themed programming on their website and YouTube channel, including video clips from John, a best-selling author most famous for his young adult book *The Fault in Our Stars*. These clips not only give fans personal insights into his works and the writing process, but they also provide unique access to the author, inspiring fans to create their own fan art and make connections with one another. In the twenty-first century, reading and watching videos are related activities that allow people to engage with authors and other readers. Whether they turn to *The Fault in Our Stars* or titles by lesser-known authors, Nerdfighters are readers incorporating thousands of testimonials about what they read and why. Jennifer Burek Pierce not only sheds light on this particular online community, she also reveals what it tells us about the changing nature of reading in the digital age. In Nerdfighteria, we find a community that shows us that being online doesn't mean disinterest in books.
