**The Interpretation of The Meaning of The Holy Quran Volume 69 - Surah Al-Qamar, Surah Ar-Rahman** Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013 I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah I have completed the whole Quran on 29th October 2020 with 84 books I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English Currently there is a great misunderstanding about Islam among Muslims and non Muslims globally The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non Muslims The wrong actions of the Muslims have led to many miseries and wars among Muslims The wrong actions of Muslims have also led to many wars and clashes between Muslims and non Muslims In order to avoid miseries wars and clashes from taking place between the whole mankind in the whole world the whole mankind in the whole world need to understand the true teaching of Islam There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world English For this very reason I have written the interpretation of the Holy Quran in English Prof Nasoha Bin Saabin

*Volume 8 in the Collected Works of Marie-Louise von Franz: The Interpretation of Fairytales* Marie-Louise von Franz,2024-12-20 Marie Louise von Franz believed fairytales to be the purest and simplest expressions of the collective unconscious Too often the interpreter regresses to a personalized approach however heroes and heroines are abstractions that embody collective archetypes The innumerable variations within the same fairytale told in different cultures are like a musical theme crisscrossing humanity In Volume 8 von Franz establishes that there is only one psychic fact to which the fairytale addresses itself namely the SELF Some fairytales emphasize the beginning phases of this experience by dwelling on the shadow others draw attention to the anima and animus while still others hint at the unobtainable treasure This volume contains new and updated translations of The Interpretation of Fairytales along with Anima and Animus in Fairytales and combines them into a single volume clarifying the Jungian approach to interpreting fairytales and offering a deep dive into

anima and animus The anima and the animus deliver to consciousness the life affirming fruit Individuation requires engagement with these contra sexual archetypes but von Franz observes that Anima and animus are not always happy to have this relationship they lose part of their power when they are made conscious She further warns of the inflation resulting from possession by them and points out that the animus loves to create an atmosphere of mist in which nobody can find orientation These are supra personal elements of psychic life capable of breaking beyond the tendency of consciousness to become one sided This second section of Volume 8 provides an insightful explanation of a woman s encounter with her animus and a man s encounter with his anima
