In Search of Authority - Third Edition Stephen Bonnycastle,2007-04-26 In Search of Authority is the most engaging introduction to literary theory available today This is the third edition of a book that has been widely used to introduce undergraduates to the field of literary theory Its distinctive quality is the way in which it makes complex literary theories such as structuralism deconstruction and post modernism accessible to students by relating these theories to students own enjoyment in reading literature Each theory is illustrated by several applications of the theory to well known literary works Based on a reader

response approach to literature In Search of Authority begins with an up to date account of the status of literary theory in the 21st century including a response to recent debates about the post theory question It concludes with a discussion of how an understanding of literary theory can lead to the empowerment of the individual reader and of how the authority of the professor can be gradually transferred to the student This third edition has been revised and updated throughout Each chapter ends with several questions to help students check their understanding of the key ideas in the chapter

Reading Media Theory Brett Mills, David M. Barlow, 2014-06-11 What does the Frankfurt School have to say about the creative industries Does the spread of Google prove we now live in an information society How is Madonna an example of postmodernism How new is new media Does the power of Facebook mean we re all media makers now This groundbreaking volume part reader part textbook helps you to engage thoroughly with some of the major voices that have come to define the landscape of theory in media studies from the public sphere to postmodernism from mass communication theory to media effects from production to reception and beyond But much more than this by providing assistance and questions directly alongside the readings it crucially helps you develop the skills necessary to become a critical informed and analytical reader Each reading is supported on the facing page by author annotations which provide comments dissect the arguments explain key ideas and terminology make references to other relevant material and pose questions that emerge from the text Key features Opening chapters What is theory and What is reading bring alive the importance of both as key parts of media scholarship Pre reading substantial Introductory sections set each text and its author in context and show the relevance of the reading to contemporary culture Post reading Reflection sections summarise each reading s key points and suggests further areas to explore and think about 4 types of annotations help you engage with the reading context content structure and writing style as well as questions to provoke further thought Split into 4 sections Reading theory Key thinkers and schools Approaches and Media Theory in context New to the second edition New chapters on New Media and Audiences as Producers Reading Media Theory will assist you in developing close reading and analytic skills It will also increase your ability to outline key theories and debates assess different case studies critically link theoretical approaches to a particular historical context and to structure and present an argument As such it will be essential reading for undergraduate and postgraduate students of media studies cultural studies communication studies the sociology of the media popular culture and other related subjects

Social Constructionist Identity Politics and Literary Studies S. Gupta, 2007-01-10 This study presents a critique of social constructionist identity politics which is distinguished from specific identity based political positions from within and with social constructionist commitments Gupta examines the institutionalization of social constructionist identity politics in literary studies considering the notions of canonicity

Beginning Postmodernism Tim Woods, 2009 Postmodernism became the buzzword of contemporary society in the 1990s Yet even now it still remains confusing and baffling in its variety of definitions contexts and associations Beginning Postmodernism aims to offer clear

accessible and step by step introductions to postmodernism across a wide range of subjects It encourages readers to explore how the debates about postmodernism have emerged from basic philosophical and cultural ideas and to develop comparative connections and ideas from one area to another With its emphasis firmly on postmodernism in practice the book contains questions designed to help readers understand and reflect upon a variety of positions within the following areas of contemporary culture philosophy and cultural theory architecture and concepts of space visual art sculpture and material culture popular culture and music film video and television and the social sciences The groundwork of music. 4th (3rd) ed.
