*Guide to SSC Constable & Rifleman (GD) Exam 2nd Edition* Disha Experts, 2020-07-15      **Business Communication, 2nd Edition** R.K. Madhukar, 2010 Business Communication is a comprehensive and authoritative textbook designed to meet the requirements of students of commerce management and other professional courses. It serves both as a learner's text and a practitioner's guide. The book provides a sharp focus on all relevant concepts and cardinal principles of business communication and adds value to the reader's understanding of the subject. Following a simple, need-based and sequential approach, the book is relevant, highly stimulating, and readable. It makes learning exciting and prepares the reader to face real-life situations with confidence and understanding.      Writing to Clients and Referring Professionals about Psychological Assessment Results Janet B. Allyn, 2012 This book is the first on the craft of effective writing structured expressly for the psychologist assessor. Author J. B. Allyn, a professional writer who specializes in psychology, combines a reference book with a tutorial. She blends information on the qualities that create a writer's unique presence on the page with illustrations of correct English grammar. All of the questions, answers, and illustrations evolved from the concerns of psychologist assessors, as did the examples, which are grounded in their writing and communication needs. The result creates a guide for report writing that can be used by either practicing professionals or graduate psychology students. The book divides into three sections. The first and third sections discuss various aspects of effective communication, while the second is a handbook of common grammar problems. Helpful elements guide the reader through the text, including frequent bullet lists, tables, and graphs, and grammar and style examples that are framed around assessment reports. It is also written in a conversational tone, which creates the same style it proposes for effectively written reports and is a key tool for clear and appropriate communication. Readers will refer back to this book both for quick tips on style and grammar, which are appropriate for any mental health practitioner, and for more detailed advice on writing and communication in assessment reports.      **Business Communication, 3rd Edition** Madhukar R.K., It is a comprehensive textbook especially designed for the students of commerce management and other professional courses.
