*City Government in Hellenistic and Roman Asia Minor* Sviatoslav Dmitriev, 2005-02-17 *City Government in Hellenistic and Roman Asia Minor* examines the social and administrative transformation of Greek society within the early Roman empire assessing the extent to which the numerous changes in Greek cities during the imperial period ought to be attributed to Roman influence The topic is crucial to our understanding of the foundations of Roman imperial power because Greek speakers comprised the empire's second largest population group and played a vital role in its administration culture and social life This book elucidates the transformation of Greek society in this period from a local point of view mostly through the study of local sources such as inscriptions and coins By providing information on public activities education family connections and individual careers it shows the extent of and geographical variation in Greek provincial reaction to the changes accompanying the establishment of Roman rule In general new local administrative and social developments during the period were most heavily influenced by traditional pre Roman practices while innovations were few and of limited importance Concentrating on the province of Asia one of the most urbanized Greek speaking provinces of Rome this work demonstrates that Greek local administration remained diverse under the Romans while at the same time local Greek nobility gradually merged with the Roman ruling class into one imperial elite This conclusion interprets the interference of Roman authorities in local administration as a form of interaction between different segments of the imperial elite rejecting the old explanation of such interference as a display of Roman control over subjects

**Persuading Shipwrecked Men** Lyn M. Kidson, 2020-09-15 In this work Lyn M Kidson moves away from the traditional interpretation of 1 Timothy as a church manual and argues that the coordinating purpose of the letter is to command certain men and women not to teach an educational program that is being promoted by factional leaders Hymenaeus and Alexander

Benefactors and the Polis Marc Domingo Gygax, Arjan Zuiderhoek, 2021-02-18 Historians generally study elite public gift

giving in ancient Greek cities as a phenomenon that gained prominence only in the Hellenistic and Roman imperial periods The contributors to this volume challenge this perspective by offering analyses of various manifestations of elite public giving in the Greek cities from Homeric times until Late Antiquity highlighting this as a structural feature of polis society from its origins in the early Archaic age to the world of the Christian Greek city in the early Byzantine period They discuss existing interpretations offer novel ideas and arguments and stress continuities and changes over time Bracketed by a substantial Introduction and Conclusion the volume is accessible both to ancient historians and to scholars studying gift giving in other times and places

**For I Was Hungry and You Gave Me Food** Carol B. Wilson, 2014-02-17 In the first century endemic food shortages left 25 percent of the population below subsistence level and another 30 percent at risk of slipping below subsistence In the face of such serious food shortages the Gospel of Matthew advocates for a society in which all people can have access to sufficient food Matthew critiques first century practices and attitudes of both aristocrats and peasants that helped or hindered that goal It does this by depicting Jesus teaching and performing positive practices that provided the Matthean community with an example to emulate as well as condemning some negative practices and attitudes For I Was Hungry and You Gave Me Food provides a pragmatic lens and a new descriptive paradigm of food access in the first century The perspective and model are useful for analyzing passages concerned with life and death issues of the Matthean community or situations for any other Christian community past or present Should not every person have enough food to sustain physical life
