

MANIFESTE DU FUTURISME

(Publié par le « FIGARO » le 20 Février 1909)

Nous avons veillé toute la nuit, mes amis et moi, sous des lampes de mosquée dont les coupes de cuivre aussi ajourées que notre âme avaient pourtant des coeurs électriques. Et tout en piétinant notre native paresse sur d'opulents tapis persans, nous avons discuté aux frontières extrêmes de la logique et griffé le papier de démentes écritures.

Un immense orgueil gonflait nos poitrines, à nous sentir debout tous seuls, comme des phares ou comme des sentinelles avancées, face à l'armée des étoiles cosmiques, qui campent dans leurs bivouacs célestes. Seuls avec les mécaniciens dans les infernales chaufferies des grands navires, seuls avec les noirs fantômes qui fourragent dans le ventre rouge des locomotives affolées, seuls avec les ivrognes battant des ailes contre les murs !

Et nous voilà brusquement distraits par le roulement des énormes tramways à double étage, qui passent sursautant, bariolés de lumières, tels les hampeaux en fête que le Pô débordé ébranle tout à coup et déracine, pour les entraîner, sur les cascades et les remous d'un déluge, jusqu'à la mer.

Puis le silence s'aggrava. Comme nous écoutions la prière exténuée du vieux canal et crisser les os des palais moribonds dans leur barbe de verdure, soudain rugirent sous nos fenêtres les automobiles affamées.

— Allons, dis-je, mes amis ! Partons ! Enfin la Mythologie et l'Idéal mystique sont surpassés. Nous allons assister à la naissance du Centaure et nous verrons bientôt voler les premiers Anges ! — Il faudra ébranler les portes de la vie pour en essayer les gonds et les verrous !... Partons ! Voilà bien le premier soleil levant sur la terre !... Rien n'égale la splendeur de son épée rouge qui s'escrime pour la première fois, dans nos ténèbres millénaires.

Nous nous approchâmes des trois machines renâclantes pour flatter leur poitrail. Je m'allongeai sur la mienne comme un cadavre dans sa bière, mais je ressuscitai soudain sous le volant — couperet de guillotine — qui menaçait mon estomac.

Futurist Manifestos

Umbro Apollonio

Futurist Manifestos:

Futurist Manifestos Umbro Apollonio, 2001 Originally published London Thames and Hudson 1973 With new afterword

Manifesto Mary Ann Caws, The first anthology of its kind Manifesto features over two hundred artistic and cultural manifestos from a wide range of countries The manifesto a public statement that sets forth the tenets of a forthcoming existing or potential movement or ism or that plays on the idea of one became in various modernisms a crucial and forceful vehicle for artists writers and other intellectuals to express their ideas about the direction of aesthetics and society Included in this collection are texts ranging from Kurt Schwitters's Cow Manifesto to those written in the name of well known movements imagism cubism surrealism symbolism vorticism projectivism and less well known ones lettrism acmeism concretism rayonism Also covered are expressionist Dada and futurist movements from French Italian Russian Spanish and Latin American perspectives as well as local movements such as Brazilian hallucinism Influential startling unsettling amusing and continually engaging these modernist manifestos give voice to a fascinating array of ideas and opinions that will prove invaluable to scholars and students of nineteenth and twentieth century art literature and culture **Ether and Modernity**

Jaume Navarro, 2018-08-30 Ether and Modernity offers a snapshot of the status of an epistemic object the ether or aether in the early twentieth century The contributed papers show that the ether was often regarded as one of the objects of modernity hand in hand with the electron radioactivity or X rays and not simply as the stubborn residue of an old fashioned long discarded science The prestige and authority of scientists and popularisers like Oliver Lodge and Arthur Eddington in Britain Phillip Lenard in Germany or Dayton C Miller in the USA was instrumental in the preservation defence or even re emergence of the ether in the 1920s Moreover the consolidation of wireless communications and radio broadcasting indeed a very modern technology brought the ether into audiences that would otherwise never have heard about such an esoteric entity The ether also played a pivotal role among some artists in the early twentieth century the values of modernism found in the complexities and contradictions of modern physics such as wireless action or wave particle puzzles a fertile ground for the development of new artistic languages in literature as much as in the pictorial and performing arts Essays on the intellectual foundations of Umberto Boccioni's art the linguistic techniques of Lodge and Ernst Mach's considerations on aesthetics and physics witness to the imbricate relationship between the ether and modernism Last but not least the ether played a fundamental part in the resurgence of modern spiritualism in the aftermath of the Great War This book examines the complex array of meanings strategies and milieus that enabled the ether to remain an active part in scientific and cultural debates well into the 1930s but not beyond This portrait may be easily regarded as the swan song of an epistemic object that was soon to fade away as shown by Paul Dirac's unsuccessful attempt to resuscitate some kind of aether in 1951 with which this book finishes *The Colour of Angels* Constance Classen, 2002-01-04 The Colour of Angels uncovers the gender politics behind our attitude to the senses Using a wide variety of examples ranging from the sensuous religious visions of the middle

ages through to nineteenth century art movements this book reveals a previously unexplored area of womens history *The Political Forms and Figures of Russian Futurism : Manifestos and Media Blitz, 1908-1914 Volume 2* Darlene Reddaway,2002

2024 Günter Berghaus,2024-12-02 The first part of Volume 14 of the Yearbook presents ten essays concerned with Futurism in Italy Russia Ukraine Czechoslovakia Romania and Germany and two focusing on dance and typography Among other things this publication provides analysis of the futurist manifestos from late 1910 and 1911 and Velimir Khlebnikov s futurist essays as well as the networks of Futurism in Odessa In the second part a section on Caricatures and Satires of Futurism in the Contemporary Press examines five humorous images from five countries in which the movement and its leader were lampooned This section is followed by nine reviews of recent exhibitions conferences and publications and an annual bibliography with details of 128 new books on Futurism Futurism from international comparative and interdisciplinary perspectives Transcultural view of international avant gardes **Spirits in the Material World** Gilbert G. Germain,2009-01-01 Gil Germain sSpirits in the Material World reflects on the vital role technology plays in liberating humankind from the real world of space and time and examines the broad implications of this development for contemporary society Germain argues that we ought to be wary of our spiritual sojourn and suggests ways to offset technology s otherworldly impulse *Inventing Futurism* Christine Poggi,2009 Sumario Futurist velocities Folla follia futurism and the crowd Umberto Boccioni s The city rises picturing the futurist metropolis Photogenic abstraction Giacomo Balla s iridescent interpenetrations Dreams of metallized flesh futurism and the masculine body Futurist love luxury and lust Return of the repressed vicissitudes of the futurist machine Aesthetics under fascism *Speed Destruction Noise War* F.T. Marinetti,Luigi Russolo,Francesco Balilla Pratella,2013-06-19 Founded in 1909 by the Italian writer Filippo Tommaso Marinetti Futurism was a radical art and social movement that glorified modernistic concepts of speed destruction noise machines cities and war Marinetti s obsession with the future even extended to the abolition of libraries and museums which he demanded be burned to the ground in a vortex of incendiary violence Over 100 years later Futurism stands as a key conceptual movement of the 20th century one whose ideas are still ominously relevant in the age of rampant technological progress suicide bombers and unmanned drone strikes This special ebook volume in the Radical Manifesto series collects nine of the most challenging manifestos of the early Futurist Movement from Marinetti s founding charter and subsequent calls to war to the seminal noise theories and machine music blueprints of Luigi Russolo and Balilla Pratella It also contains as a bonus the first manifesto of Russian Futurism written by Vladimir Mayakovsky and others *The Manifesto of Futurism* Filippo Tommaso Marinetti,2016-04-04 Filippo Tommaso Emilio Marinetti 22 December 1876 2 December 1944 was an Italian poet editor art theorist and founder of the Futurist movement The Manifesto of Futurism written by the Italian poet Filippo Tommaso Marinetti initiated an artistic philosophy Futurism that was a rejection of the past and a celebration of speed machinery violence youth and industry it also advocated the modernization and cultural rejuvenation of Italy Marinetti wrote the

manifesto in the autumn of 1908 and it first appeared as a preface to a volume of his poems published in Milan in January 1909 It was published in the Italian newspaper Gazzetta dell Emilia in Bologna on 5 February 1909 then in French as Manifeste du futurisme Manifesto of Futurism in the newspaper Le Figaro on 20 February 1909 Translated by Jason Forbus

The Academy and Literature ,1912 **Italian Futurist Theatre, 1909-1944** Günter Berghaus,1998 Italian Futurist Theatre provides an overview of the theatrical activities of the Italian Futurist movement headed by F T Marinetti It analyses the theory and practice of Futurist performance covers the theatre work of all leading artists and writers of the movement and discusses the principal aims and achievements of their theatrical experiments The main focus of the study is directed towards reconstructing the performance history of Futurist theatre But it also incorporates aspects of dramatic writing stage and costume design and theatre architecture and is heavily illustrated Although the significance of Futurism for the art and culture of this century is universally acknowledged today relatively little research has been undertaken with regard to the form of expression that was dearest to the Futurists theatre No other art could better demonstrate the movement s concept of art as action propagate its anti traditionalist stance and demonstrate its modernist aims and aesthetics Yet the myriads of Futurist experiments in the performing arts have been neglected by scholars partly because documentation is not easily available partly because of the inherent problems of reconstructing performances of the past This volume is the first comprehensive study of Italian Futurist theatre in the English language It is the result of a major research project supported by the British Academy the Italian Ministry of Foreign Affairs and the Ministry of Cultural Heritage This highly original book is predominantly based on documents discovered in the course of ten years of extensive investigations in Italian archives libraries and private collections *Academy; a Weekly Review of Literature, Learning, Science and Art* ,1912 The Poetical gazette the official organ of the Poetry society and a review of poetical affairs nos 4 7 issued as supplements to the Academy v 79 Oct 15 Nov 5 Dec 3 and 31 1910 Academy, with which are Incorporated Literature and the English Review ,1912 The Fortnightly Review ,1914 *Modern Painting* Frank Jewett Mather,1927 *Futurist Art and Theory, 1909-1915* Marianne W. Martin,1978 *A Slap in the Face* David Burlyuk,2013 **To-day** Holbrook Jackson,1919 **To-day** ,1919

Futurist Manifestos Introduction

In today's digital age, the availability of Futurist Manifestos books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Futurist Manifestos books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Futurist Manifestos books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Futurist Manifestos versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Futurist Manifestos books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Futurist Manifestos books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Futurist Manifestos books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Futurist Manifestos books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Futurist Manifestos books and manuals for download and embark on your journey of knowledge?

FAQs About Futurist Manifestos Books

What is a Futurist Manifestos PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Futurist Manifestos PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Futurist Manifestos PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Futurist Manifestos PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Futurist Manifestos PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How

do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
