of the Horse Racing Fanatic Gordon Easton, 2005-05 The first weekend at the track after reading your book Handicapping Secrets of the Horse Racing Fanatic I won 2 600 00 Thanks for all the great info R Kelley Los Angeles CA Initially I was looking for the plays on the pick six but actually evaluated them last I would almost swear that I was privileged to look at an experienced horse player's soul I believe this material needs more than reading it should be studied and practiced The author is certainly knowledgeable about the secrets of winning For any serious horse player who is self taught or those who aspire to collect money from the race tracks armed with just these techniques a loser could become a winner I would heartily endorse this author Thank you again Jerry Smiley NV Great book with tremendous insight to thoroughbred handicapping and wagering janishrj Gordon Easton's Pick Six Formulas and other betting strategies are quite literally worth a fortune to any serious fan of horse racing Add in the rest of the handicapping expertise he has picked up along the way and you have a resource that no one who plays the ponies can afford to be without Recommended without reservation Jay M Arlington VA I failed to mention how informative the book you sent me is Even with over 40 yrs of experience I learned things about racing that I more than likely did not know or just plain forgot about It's a good book Don Oerlemans Westville NJ Very well written and and super informative book A K F Great handicapping book for any horseracing fan bettyjean4771 Solid info and systems ciolek75 Very informative Easy to master Thanks A T Good and interesting info for any handicapper Thanks C T Good tips and angles I haven't thought of before Pick 6 strategies are great J K very interesting book the stats alone are incredible A J J Good insight to handicapping horses G D What makes Handicapping Secrets of The Horse Racing Fanatic your absolute best bet to put more money in your pocket when wagering at the track It's not just master handicapper Gordon Easton's four decades worth of powerful and proven betting systems spot plays and long shot picking secrets all brought together in one book for the first time anywhere What sets this book apart from all the rest is that retired mathematics professor Gordon Easton is a mathematical genius specializing in Numbers Probability Theory who gives his readers a complete set of plug and play betting formulas that will let you cover more horses and results for every dollar you bet shaving the odds in your favor For example Most people never win a Pick Six because they don't have the hundreds of dollars needed to put a lot of horses on a single ticket They will bet many 2 tickets instead They could end up with several tickets with 3 or 4 winners but none with 5 or 6 for the big win But by using Gordon's formulas you are guaranteed to line up at least five winners on one ticket if you get a winner in each race You'll also have a decent chance at getting a Pick Six without spending a fortune For example Pick Six Formula 1 covers 4 horses in 1 race 3 horses in 3 races and 2 singles your most likely winners To put all of these horses on one ticket would cost you 216 Using Gordon's formula you can do this for only 24 with the guarantee of 5 or 6 winners on one ticket if you have a winner in each race There is no other place on the planet you can find this kind of incredibly valuable knowledge

Cohail,2013-04-29 The Logical Choice is a great piece of work Well done Ed Watts If the challenge of picking the winner in every race is what motivates you when it comes to horse racing this book is not directed at you though there are insights within its pages that may help you with your endeavors The sections on Beyer Speed Figures track variants how to calculate more accurate running times and how to find 59% winners and still lose money are more than worth the price of this book However if your interest is in making money while betting on horse races you need to face facts Playing favorites is financial ruin in the making yet most people 72 7% in 2010 end up wagering on the three horses with the lowest odds in race after race Unfortunately you cannot make long term profits betting on such horses You need to find horses that pay you 16 60 27 40 18 80 etc what the author calls Value Plays if you want to make money This book will show you how he manages to do so Professional handicapper G W Cohail has handicapped horse races for over fifty years In the pages of this book he challenges many aspects of traditional handicapping others take for granted and often swear by including the revered Beyer Speed Figures par times daily track variants etc He then demonstrates how he successfully bets on horse races with making money not picking winners as his primary goal Mr Cohail spent decades handicapping races in a traditional way always looking to zero in on the winner He considered himself a top notch handicapper and he averaged 38% winners two years in a row Yet he never made a lot of money from his handicapping skills Luckily he never lost the rent money either Then one day while watching the tote board his life changed forever Is it possible to wager on horse races and win The Logical Choice Tote Board Handicapping Made Easy provides insights into wagering for profit The concepts presented in this work are usable by anyone whether they be an experienced handicapper or a budding novice In many respects not knowing how to handicap races makes you a better candidate as the less you think you know about handicapping the less you will have to unlearn
