

Harvard Business School and a short history of the Case Study Method

Mark Thomas: September 10, 2013

“Love and marriage,” says old blue eyes himself, Mr. Frank Sinatra, “Go together like a horse and carriage.” This idealised pairing might be said to be relevant for Harvard Business School and the Case Study Method.

HBS was created in 1908 and established its case study method in the 1920s. Today, this teaching method is as close to business school orthodoxy as you can possible get. There are approximately 14 000 business schools in the world and you would be hard pressed to find one that did not uses cases to teach business. But why did HBS start teaching this way and how many cases does it sell each year?

9, 764, 000! That is how many cases Harvard Business School sold in 2011. Not quite 10 million but not bad all the same. Trends suggest that this has been increasing by about 7-8% per year which means that next year cases sold will go past the magic 10 million figure.

Harvard claims that 80% of the courses sold through out the world are written by Harvard faculty though contrary to popular belief Harvard Business School did not invent the case study method. In fact, it was borrowed from Harvard Law School that had been using the method for some time. In was in the 1920s that the business school's second Dean, Wallace B. Donham realised how popular these could be and encouraged the production and the use of these for the students. This was one of the major factors

International Human Resource Management Nilanjan Sengupta, 2007 In today's era of International business International Human Resource Management IHRM is emerging as a crucial factor since organizations are run by people What is interesting in this phenomenon is not only that there are differences in people across the countries but even within a country or regions within it This complex socio cultural and psychological fabric coupled with historical geographic economic and political factors creates certain boundary conditions and makes IHRM a very complex process The intention of this book is to portray the various factors that are connected with managing Human Resources in International Business Since the two are inseparable any organization aspiring to participate as a player in international business must develop the knowledge skills and acumen to perceive the subtle nuances that govern the rules of game IHRM as a discipline cuts across all other

business operations in the international context and plays a vital role in the success or failure of a business venture since businesses are essentially driven by people In the light of the above this book has sought to address some of the issues that relate to IHRM which need to be logically understood by any keen observer of international business today The approach of this book has been to detail IHRM both in terms of a function as well as a process and the factors or key elements that are attached to them To make this book reader friendly chapter highlights have been added at the beginning of each chapter to facilitate the reader to identify the broader areas that may be learnt from a particular chapter Each chapter also contains detailed references and key terms Conceptual questions multiple choices web based exercises are some of the additional features of the book Relevant diagrammatic representation relevant case study and list of web references have been also added in this book

International HRM , Billion Dollar Lessons Paul B. Carroll,Chunka Mui,2008-09-11 This book is your chance to learn from others mistakes Entrepreneur In the 1960s IBM CEO Tom Watson called an executive into his office after his venture lost 10 million The man assumed he was being fired Watson told him Fired Hell I spent 10 million educating you I just want to be sure you learned the right lessons There are thousands of books about successful companies but virtually none about the lessons to be learned from those that crash and burn Now Paul Carroll and Chunka Mui draw on research into more than 750 flameouts to reveal the seven biggest reasons for business failure Managing and Using Information Systems Keri E. Pearlson,Carol S. Saunders,2006 This book arms non technical managers with the insights and knowledge they need to become active participants in information systems decisions They ll learn how IT relates to the organization its overall strategy and the individual how information is managed in today s organizations how to recognize opportunities and how to apply current technologies in new and innovative ways *Harvard Business School Career Guide* ,1993 **Harvard Business School ...
