*Up in the Air... Up in the Sky...* Zero Edge, 2013-12 Growing up we look to the skies and the beauty it has given to us Are we not but fascinated by the way the stars glow the clouds shape and the moon illuminate a cloudless sky For even in the brightest of days there comes the darkest of the nights that will bring forth the strangest characters into the stage This is where we come in this is where we set the stage for our fellow hero heroine into their form and play so that we too might take part of the big production by the universe Here up in the air the moments we have of the terrestrial is anything but just the launching pad for us As we step off to take that leap of faith we are immediately guided by where our mind will tell us to do so in the most sensible way as possible Harmful it will be along the way the road up in the sky is not one for the faint of heart but of whom willing to make the journey For it is not the journey but the destination and should we question ourselves because of it just look around the stars Imagine how they were when they just started out even before we knew what it was like to even create a single fire of warmth for us There up in the sky a vision shared an imagination observed and a dream uncovered in the best of impossible ways it shows that with each impossibility there a possibility just lies on the other side of the bridge making it seem like the fit to jump where we have to be This is why the skies are so magnificent they shape our heart Mold our mind of the thoughts we would crave Should our bodies be held by the physical plane then our soul will always have our backs together For up in the air and up in to the skies there lies our future within It's calling us would you like to take a leap and fly again Without further ado welcome to the endless skies up in the air up in the sky
