Maria Konnikova,2017-01-10 It s a startling and disconcerting read that should make you think twice every time a friend of a friend offers you the opportunity of a lifetime Erik Larson 1 New York Times bestselling author of Dead Wake and bestselling author of Devil in the White City Think you can t get conned Think again The New York Times bestselling author of Mastermind How to Think Like Sherlock Holmes explains how to spot the con before they spot you An excellent study of Con Artists stories the human need to believe Neil Gaiman via Twitter A compelling investigation into the minds motives and methods of con artists and the people who fall for their cons over and over again While cheats and swindlers may be a dime a dozen true conmen the Bernie Madoffs the Jim Bakkers the Lance Armstrongs are elegant outsized personalities artists of persuasion and exploiters of trust How do they do it Why are they successful And what keeps us falling for it over and over again These are the questions that journalist and psychologist Maria Konnikova tackles in her mesmerizing new book From multimillion dollar Ponzi schemes to small time frauds Konnikova pulls together a selection of fascinating stories to demonstrate what all cons share in common drawing on scientific dramatic and psychological perspectives Insightful and gripping the book brings readers into the world of the con examining the relationship between artist and victim The Confidence Game asks not only why we believe con artists but also examines the very act of believing and how our sense of truth can be manipulated by those around us How Sherlock Pulled the Trick Brian McCuskey,2021-06-01 A masterful combination of literary study and author biography How Sherlock Pulled the Trick guides us through the parallel careers of two inseparable men Sherlock Holmes and his creator Sir Arthur Conan Doyle Reconsidering Holmes in light of Doyle s well known belief in Victorian spiritualism Brian McCuskey argues that the so called scientific detective follows the same circular logic along the same trail of questionable evidence that led Doyle to the s ance room Holmes s first case A Study in Scarlet

was published in 1887 when natural scientists and religious apologists were hotly debating their differences in the London press In this environment Doyle became convinced that spiritualism as a universal faith based on material evidence resolved the conflict between science and religion The character of Holmes with his infallible logic was Doyle s good faith solution to the cultural conflicts of his day Yet this solution has evolved into a new problem Sherlock Holmes now authorizes the pseudoscience that corrupts our public sphere defying logic revising history and promoting conspiracy theories As this book demonstrates wearing a deerstalker does not make you a mastermind more likely it marks you as a crackpot Fascinating and highly readable How Sherlock Pulled the Trick returns the iconic Holmes to his mystical origins *Music with Expressive Power* Paul James,2024-10-02 People worldwide love to enjoy their preferred lifestyle Music is a powerful lifestyle choice It helps people shape and share their experiences Music evolves as does technology culture and the music business This book helps the reader to understand the changes to music and audio reproduction Enabling them to make informed choices about music and the audio equipment they use Thereby gaining richer musical experiences This book explains why high quality reproduction of music is hard It identifies some factors that influence the quality of reproduction such as careful listening Often discussions about music and audio ignore the role of the listener Yet a person s disposition sensory awareness and attention affect how they perceive music and what they experience from it As well as music students teachers and musicologists the book will appeal to those with a passion for quality music and the quality reproduction of music
