Scalable Multicasting over Next-Generation Internet Xiaohua Tian,Yu Cheng,2012-07-17 Next generation Internet providers face high expectations as contemporary users worldwide expect high quality multimedia functionality in a landscape of ever expanding network applications This volume explores the critical research issue of turning today s greatly enhanced hardware capacity to good use in designing a scalable multicast protocol for supporting large scale multimedia services Linking new hardware to improved performance in the Internet s next incarnation is a research hot spot in the computer communications field The methodical presentation deals with the key questions in turn from the mechanics of multicast protocols to current state of the art designs and from methods of theoretical analysis of these protocols to applying them in the ns2 network simulator known for being hard to extend The authors years of research in the field inform this thorough treatment which covers details such as applying AOM application oriented multicast protocol to IPTV provision and resolving the practical design issues thrown up in creating scalable AOM multicast service models

Multicast for Iptv Services Mohammad Taufiqul Islam,Azimul Hoque,2010-06 Internet Protocol Television IPTV is a service on the Internet where digital TV signal data is delivered to the participants using the Internet Protocol IPTV promises to provide many TV channels with lower price for operators and consumers IPTV distribute program more efficiently than nowadays prevalent coaxial cable distribution But plenty of TV channels requires large bandwidth for high clear TV programs in IPTV service which is a contradictory issue to the limitation of user access line

bandwidth and aggregation network bandwidth Multicast as a mature one to many packet data delivery technology the use of multicast for IPTV service is considered necessary to resolve such contradiction But which multicast or what level multicast will be best suited for this emerging technology is still a burning question In this book we have identify the appropriate multicast solution for IPTV To accomplish our goal we have analysed different AL multicast and IP multicast protocols We have tried to find out different problems related to these protocols to deployment

[A Primer of Multicast Routing](#) Eric Rosenberg,2012-01-18 Whereas unicast routing determines a path from one source node to one destination node multicast routing determines a path from one source to many destinations or from many sources to many destinations We survey multicast routing methods for when the set of destinations is static and for when it is dynamic While most of the methods we review are tree based some non tree methods are also discussed We survey results on the shape of multicast trees delay constrained multicast routing aggregation of multicast traffic inter domain multicast and multicast virtual private networks We focus on basic algorithmic principles and mathematical models rather than implementation level protocol details Many historically important methods even if not currently used are reviewed to give perspective on the evolution of multicast routing
