Barrons Gmat:

Barron's GMAT with CD-ROM Bobby Umar, Carl S. Pyrdum, 2014-02-24 Barron's brand new GMAT is a game changer designed to give you the best balance in both the depth of content and breadth of strategies. Written by two of North America's leading GMAT experts and award-winning instructors, Barron's new GMAT book gives you the confidence to tackle every GMAT problem. You will know what to expect, what theory each question tests, what strategies you have in your arsenal, and the step-by-step processes to get the correct answer quickly and efficiently. This new book provides a comprehensive review of all four content areas on the GMAT. Most importantly, it offers solid strategies for managing the particular challenges presented by this high-stakes computer-adaptive exam. For each of the GMAT sections: Verbal, Quantitative, Integrated Reasoning, and the Analytical Writing Assessment, Barron's GMAT provides Diagnostic Skills Tests, initial quizzes that accurately and quickly assess strengths and weaknesses within a topic area, Targeted Review Questions, additional questions for the frequent problem subject areas: probability, parallelism, data sufficiency, allowing test takers to focus on their specific needs. Strategic Step-by-Step Methods approaches to each question type, field tested by the authors on a wide range of test takers with differing abilities and goals. Full Range Content questions, strategies, and tips for all test takers, whether they are aiming for a 70th or 95th percentile score, studying while undergrads or after years in the business world. Barron's GMAT includes more strategies, theory, and methodologies than any other stand-alone GMAT book on the market. All questions in the manual come with answers and explanations. The included CD-ROM presents additional questions in all four test areas, also with included answers and explanations.

Business Essentials For Software Professionals G P Sudhakar, 2008-05-31
Now a days IT career is becoming more and more global in nature. There are more than a million software engineers working in the Indian IT industry who are among the high fliers these days travelling across continents. In recent times it has been felt that to have a successful global IT career the skills acquired in engineering colleges are not sufficient. There are certain other skills which are essential for the software engineers to achieve success globally. This book is all about those skills. The book talks about IT management skills such as project management, program management, IT strategy and quality management. It also covers the soft skills required for software engineers such as communication skills, presentation skills, leadership skills and listening skills. It distinguishes between a leader and a manager. The book explains the business and management concepts which the software professionals need to be aware of such as basic management functions, strategic management, marketing management, new product development, knowledge management and human resource management. Also some other topics such as how to get into reputed business schools and what are the career alternatives for software engineers are also dealt with in an elaborate manner.
