

FPGA Implementation of Beamforming Receivers Based on MRC and NC-LMS for DS-CDMA System

Elie H. Sarraf, Mounoud Ahmed-Oussamer, and Daniel Masicotte

Department of Electrical and Computer Engineering, Université de Québec à Trois-Rivières
Québec, Canada. Email: {elie.sarraf, mounoud.oussamer, daniel.masicotte}@uqtr.ca, www.uqtr.ca/ee

Abstract—In this paper, we investigate a beamforming receiver based on maximum ratio combining (MRC) and noise constrained least mean square (NC-LMS) using rapid prototyping method for FPGA implementation. Non-adaptive and adaptive beamforming techniques approaches are considered. A performance evaluation of these algorithms in a DS-CDMA system is presented and FPGA design is evaluated in terms of hardware resources for Xilinx family devices using rapid prototyping methodology with Matlab-Simulink tools. Both approaches offer a good performance-complexity tradeoff favorable for FPGA implementation. However, due to the adaptive approach, the NC-LMS presents a better robustness to the fixed point arithmetic than the MRC.

1. INTRODUCTION

THE need, the quest for high-performance, high-speed, high-quality, high-reliability and most importantly low-cost systems drives the engineers to different and unlimited frontiers of design and implementations. In this paper we face the problem of Beamforming or Smart Antennas (SA) design and implementation for DS-CDMA systems equipped with multiple receiving antennas.

SAs are recognized as a key technology for capacity increase in 3G radio networks. A SA's ability to abate both multipath and co-channel interference makes it one of the leading candidates [1] and one of the most promising technologies for the enabling of high capacity of the wireless networks, and interference cancellation. The most important contributions of an SA is its capability of changing its pattern in real time in order to track the user of interest with its maximum gain while trying to minimize the interference by placing the nulls of its radiation pattern at locations of the other users [2], i.e. the interferers.

Beamforming is the complex mathematical process standing behind that behavior of the antenna or the base station. We describe it as the backbone of the SA, or the main core of it. The beamforming is a process in which each user's signal is multiplied with appropriate weights that adjust the magnitude and the phase of the signal from each antenna. Hence the array forms a transmit beam in the desired direction and minimizes the output in other directions.

Considering the hardware implementation for beamforming algorithms, few past works have been reported. In [3], a reduced sampling rate beamforming technique for the reception of acoustic data transmitted through the water has been implemented on a DSP from Texas Instrument. In [4], the authors present an FPGA

implementation using Xilinx devices and calibration methodologies for a smart antenna digital beamforming consisting of eight channels and operating in L band (1.8 to 2GHz). A comparison of efficient broadband beamforming architectures is presented in [5]; however no comparison on hardware resource is reported. A low power ASIC implementation of 2Mbps antenna-rake combiner supporting both maximum ratio combining (MRC) and least mean square (LMS) filter is presented in [7] where a 107 Mhz clock frequency and 550mW as highest rate power are achieved. In this paper, we implement both MRC and noise constrained LMS (NC-LMS) based beamforming techniques on FPGA, using rapid prototyping techniques (Matlab-Simulink). We evaluate the performance and hardware resource for both techniques.

This paper is organized as follows. A signal model is briefly described in Section 2. Beamforming techniques and performance evaluation using MRC and NC-LMS is presented in Section 3. The FPGA implementation and results of the beamforming techniques are described in Section 4. A conclusion is presented in Section 5.

2. SIGNAL MODEL

Consider a reverse link from K mobile stations to a base station with multiple antennas. Let T represents the symbol interval; $s_{k,t}[\eta] \in S$ (S is the symbol alphabet; $S = \{\pm 1\}$ for binary phase shift keying (BPSK) case and $S = \{\pm \sqrt{2} \pm j/\sqrt{2}\}$ for quadrature phase shift keying (QPSK) case) the η th symbol, and $d_{k,t}(r, \eta)$ the spreading waveform at the η th symbol of the k th transmission. The spreading waveform is written as

$$d_{k,t}(r, \eta) = \sum_{n=0}^{N-1} c_{k,t}[\eta] s[\eta] \phi(r - nT_c) \quad \text{where } T_c \text{ is the chip}$$

interval; $N = T/T_c$ the processing gain; $c_{k,t}[\eta]$ the t th element of the spreading sequence for the η th symbol of the k th transmission; and $\phi(r)$ is the chip waveform of unit energy. Assume that the base station is equipped with L antenna elements and $\mathbf{a}(\theta)$ denotes the array response vector to the signal with angle of arrival (AOA) θ . The channel vector $\mathbf{h}_{k,t}$ can be written as $\mathbf{h}_{k,t} = \alpha_k \mathbf{a}(\theta_k)$. For Rayleigh fading channels or would be a complex Gaussian random variable. For M multipaths, there would be M spatial

DSP for Embedded and Real-Time Systems Robert Oshana,2012-10-11 This Expert Guide gives you the techniques and technologies in digital signal processing DSP to optimally design and implement your embedded system Written by experts with a solutions focus this encyclopedic reference gives you an indispensable aid to tackling the day to day problems you face in using DSP to develop embedded systems With this book you will learn A range of development techniques for developing DSP code Valuable tips and tricks for optimizing DSP software for maximum performance The various options available for constructing DSP systems from numerous software components The tools available for developing DSP applications Numerous practical guidelines from experts with wide and lengthy experience of DSP application development Features Several areas of research being done in advanced DSP technology Industry case studies on DSP systems development DSP for Embedded and Real Time Systems is the reference for both the beginner and experienced covering most aspects of using today s DSP techniques and technologies for designing and implementing an optimal embedded system The only complete reference which explains all aspects of using DSP in embedded systems development making it a rich resource for every day use Covers all aspects of using today s DSP techniques and technologies for designing and implementing an optimal embedded system Enables the engineer to find solutions to all the problems they will face when using DSP *Index to IEEE Publications* Institute of Electrical and Electronics Engineers,1996 Issues for 1973 cover the entire IEEE technical literature

FPGA Implementation of Beamforming and OFDMA for WiMAX System ,2008 **FPGA-based Implementation of a Digital Processor for an Instantaneous Frequency Measurement Receiver** James M. Helton,2007 Digital wideband receivers are essential elements used in electronic warfare EW applications Instantaneous Frequency Measurement IFM receivers are suitable for use in EW systems due to the ultrawide instantaneous radio frequency RF bandwidth fine frequency resolution and moderately high sensitivity and dynamic range Conventional IFM receivers use analog components such as power dividers crystal video detectors and hybrids This research presents the architecture and design implementation of a purely digital IFM receiver based on a patented algorithm courtesy of the United States Air Force The invention is capable of detecting a short wave pulse with 1 MHz error for every 100 nsec The benefits include a compact lightweight cost effective alternative to its analog counterpart The design was implemented and tested on Delphi s ADC3255 a PMC digitizer with Xilinx Virtex 4 FPGA The outputs were verified using Xilinx s ChipScope Pro **Design of Multi-Beam Hybrid Digital Beamforming Receivers** Suresh Madishetty,2018 This thesis discusses a detailed study of the design and performance analysis of patch antenna arrays at different frequencies A linear hybrid array of 16 elements is built using patch antennas integrated with an RF front end using commercial off the shelf COTS components A well organized receiver chain that can work at a frequency in the range of 5.6 GHz is built using chip level components on a printed circuit board PCB This study mainly emphasizes the design and implementation of the comprehensive receiver beamforming systems using fast Fourier

transform FFT algorithm and approximate discrete Fourier transform a DFT 1 A low complexity 32 beam multi beamformer at 5.8 GHz is designed built and implemented in real time using optimized digital FPGA cores as the digital back end which is collaborated work with Viduneth Ariyaratna The emanating beams were measured and verified using the FPGA based 32 element 5.8 GHz array setup which can generate 120 MHz bandwidth per channel The beams corresponding to the approximate DFT are in good agreement with the beams corresponding to the FFT with negligible error approximately less than 14 dB This setup can be used as a test bed to measure and evaluate various signal processing algorithms up to 32 linear array elements **FPGA Implementation for Complete Digital Quadrature AM Receiver** Yan Wan,2004

Wave-digital Filter Based Circuits for Beamforming and RF-FPGAs Nilanka Thilina Rajapaksha,2015 Selective spatial filtering of propagating plane waves based on their direction of arrival is termed as beamforming Ultra wideband beamforming is an essential signal processing step in many real world applications such as wireless communications radar radio astronomy and biomedical imaging The radio frequency field programmable gate array RF FPGA is a conceptual device envisioned by the Defense Advanced Research Projects Agency DARPA research community to bring re configurable implementation ability to the RF analog domain Research on RF FPGA is important for the advancement of areas such as cognitive radio enhanced access to radio spectrum software defined radio and multi protocol communications This work explores analog and digital circuits based on the wave digital filter WDF realization structure that are suitable for digital analog beamforming applications and implementation of active filters on the conceptual RF FPGA device Digital infinite impulse response IIR 2 D and 3 D WDF beamforming architectures are capable of broadband beamforming with having low side lobe level array factors and lower arithmetic complexity Wave digital filter architectures having fan cone shape in the spatio temporal frequency domain are able to achieve approximately frequency independent beam patterns The IIR WDF architectures are proposed and implemented that are able to achieve a hexagonal cross section in the magnitude response which enables better packing density of sky area in certain applications The digital IIR WDF architectures are tested on chip using and FPGA based platform Resource consumption and operational frequency estimates from FPGA and standard cell application specific integrated circuit ASIC compilations are presented The superior sensitivity properties of the multi dimensional WDF architectures are demonstrated through simulation results A novel fixed point design method that eliminates overflow is introduced that can be utilized for all multi dimensional systolic array filter architectures Novel spatially discrete time continuous beamforming architectures based on the WDF realization are also introduced The same idea is proposed to be implemented for one dimensional filter realization which can be used as a re configurable filter realization platform for RF FPGA devices Preliminary Simulation Program with Integrated Circuit Emphasis SPICE level simulations have verified the feasibility of a modular analog building block that can be utilized to implement more complex circuits in a future effort *FPGA Implementation of Baseband Receiver for HIPERMAN System* ,2007 **FPGA**

Implementation of Rajendra Kumar's Adaptive Receiver for Higher Order Modulated Signal Over Fading Channel

Falgun Bhagavatula,2016 This project efficiently implements Rajendra Kumar Adaptive Receiver on FPGA with reduced number of gates Very High Speed Integrated Circuit Hardware Description Language VHDL codes and Xilinx ISE are used for replicating the adaptive receiver circuit on Nexys 3 Spartan 6 FPGA trainer board *Integrated 60GHz RF Beamforming in CMOS* Yikun Yu,Peter G.M. Baltus,Arthur H.M. van Roermund,2011-01-06 Integrated 60GHz RF Beamforming in CMOS describes new concepts and design techniques that can be used for 60GHz phased array systems First general trends and challenges in low cost high data rate 60GHz wireless system are studied and the phased array technique is introduced to improve the system performance Second the system requirements of phase shifters are analyzed and different phased array architectures are compared Third the design and implementation of 60GHz passive and active phase shifters in a CMOS technology are presented Fourth the integration of 60GHz phase shifters with other key building blocks such as low noise amplifiers and power amplifiers are described in detail Finally this book describes the integration of a 60GHz CMOS amplifier and an antenna in a printed circuit board PCB package **Implementation of a WCDMA AAA Receiver on an FPGA Based Software Radio Platform** Saju P. Kora,2001

Fpga Implementation Of Beamforming Receivers Based On Mrc Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Fpga Implementation Of Beamforming Receivers Based On Mrc**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Fpga Implementation Of Beamforming Receivers Based On Mrc Introduction

Fpga Implementation Of Beamforming Receivers Based On Mrc Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Fpga Implementation Of Beamforming Receivers Based On Mrc Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Fpga Implementation Of Beamforming Receivers Based On Mrc : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Fpga Implementation Of Beamforming Receivers Based On Mrc : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Fpga Implementation Of Beamforming Receivers Based On Mrc Offers a diverse range of free eBooks across various genres. Fpga Implementation Of Beamforming Receivers Based On Mrc Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Fpga Implementation Of Beamforming Receivers Based On Mrc Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Fpga Implementation Of Beamforming Receivers Based On Mrc, especially related to Fpga Implementation Of Beamforming Receivers Based On Mrc, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Fpga Implementation Of Beamforming Receivers Based On Mrc, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Fpga Implementation Of Beamforming Receivers Based On Mrc books or magazines might include. Look for these in online stores or libraries. Remember that while Fpga Implementation Of Beamforming Receivers Based On Mrc, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Fpga Implementation Of Beamforming Receivers Based On Mrc eBooks for free, including

popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Fpga Implementation Of Beamforming Receivers Based On Mrc full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Fpga Implementation Of Beamforming Receivers Based On Mrc eBooks, including some popular titles.

FAQs About Fpga Implementation Of Beamforming Receivers Based On Mrc Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Fpga Implementation Of Beamforming Receivers Based On Mrc is one of the best book in our library for free trial. We provide copy of Fpga Implementation Of Beamforming Receivers Based On Mrc in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Fpga Implementation Of Beamforming Receivers Based On Mrc. Where to download Fpga Implementation Of Beamforming Receivers Based On Mrc online for free? Are you looking for Fpga Implementation Of Beamforming Receivers Based On Mrc PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Fpga Implementation Of Beamforming Receivers Based On Mrc. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Fpga Implementation Of Beamforming Receivers Based On Mrc are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make

it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Fpga Implementation Of Beamforming Receivers Based On Mrc. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Fpga Implementation Of Beamforming Receivers Based On Mrc To get started finding Fpga Implementation Of Beamforming Receivers Based On Mrc, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Fpga Implementation Of Beamforming Receivers Based On Mrc So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Fpga Implementation Of Beamforming Receivers Based On Mrc. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Fpga Implementation Of Beamforming Receivers Based On Mrc, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Fpga Implementation Of Beamforming Receivers Based On Mrc is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Fpga Implementation Of Beamforming Receivers Based On Mrc is universally compatible with any devices to read.
