Harry Potter and the Millennials Anthony Gierzynski, 2013-08-15 A national survey of college students reveals connections between political opinion and popular culture Without a doubt the Harry Potter series has had a powerful effect on the Millennial Generation Millions of children grew up immersed in the world of the boy wizard reading the books dressing up in costume to attend midnight book release parties watching the movies and even creating and competing in Quidditch tournaments Beyond what we know of the popularity of the series however nothing has been published on the question of the Harry Potter effect on the politics of its young readers now voting adults Looking to engage his students in exploring the connections between political opinion and popular culture Anthony Gierzynski conducted a national survey of more than 1 100 college students and examined these connections as well as Millennial politics Harry Potter and the Millennials tells the fascinating story of how the team designed the study and gathered results explains what conclusions can and cannot be drawn and reveals the challenges social scientists face in studying political science sociology and mass communication Specifically the evidence indicates that Harry Potter fans are more open to diversity and are more politically tolerant than nonfans fans are also less authoritarian less likely to support the use of deadly force or torture more politically active and more likely to have had a negative view of the Bush administration Furthermore these differences do not disappear when controlling for other important predictors of these perspectives lending support to the argument that the series indeed had an independent effect on its audience In this clear and cogent account Gierzynski demonstrates how social scientists develop and design research questions and studies An appendix of questions and resulting data including graphs and diagrams will appeal especially to instructors seeking to explain the nuances of political socialization Gierzynski s captivating analysis of media s impact on political views combined with the enjoyable Potter story details makes for an irresistible project that social scientists can use to work a little magic in their classrooms *Web Social Science* Robert Ackland, 2013-06-17 Although written simply enough to be accessible to undergraduates accomplished scholars are likely to appreciate it too Reading it taught me quite a lot about a subject I thought I knew rather well Paul Vogt Illinois State University This book brings the art and science of building and applying innovative online research tools to students and faculty across the social sciences William H Dutton University of Oxford A comprehensive guide to the theory and practice of web Social Science This book demonstrates how the web is being used to collect social research data such as online surveys and interviews as well as digital trace data from social media environments such as Facebook and Twitter It also illuminates how the advent of the web has led to traditional social science concepts and approaches being combined with those from other scientific disciplines leading to new insights into social political and economic behaviour Situating social sciences in the digital age this book aids understanding of the fundamental changes to society politics and the economy that have resulted from the advent of the web choice of appropriate data tools and research methods for conducting research using web data

learning how web data are providing new insights into long standing social science research questions appreciation of how social science can facilitate an understanding of life in the digital age It is ideal for students and researchers across the social sciences as well as those from information science computer science and engineering who want to learn about how social scientists are thinking about and researching the web

The Media in Your Life Jean Folkerts,Stephen Lacy,2004 What do reviewers have to say about Media in Your Life The text s strengths are on the emphasis

on media history convergence trends and marketplaces I also appreciate that the text is written at a sophisticated yet appropriate level for college students Kim Smith Iowa State University The material covered is essential to the understanding of the current student in today s media culture Jeanne Rollberg University of Arkansas Little Rock Authors that forget that they are teachers and try too hard to pretend they re the students friends don t do their content justice nor do they model appropriate writing for students to emulate Folkerts and Lacy don t fall into this trap they present material credibly appropriately and yet readably Rebecca Lind University of Illinois Chicago The overall strengths of Media in Your Life are that it is exhaustively researched and attractively presented The broad topic of mass media is effectively structured into an accessible format Randall K Pugh Montana State University Billings l The book s emphasis on knowledge students can use in navigating our complex culture is a major strength Its organization is logical It is well documented It provides a solid summary of most significant media related issues of the day William Lingle Linfield College The authors have a good framework to present an overview of the structure and process of mass communication in the U S The text is visually appealing and will attract students interest Elizabeth Perse University of Delaware

The Catholic Library World John M. O'Loughlin, Francis Emmett Fitzgerald, 2000

Fantasy and Your Family Richard Abanes, 2002 Fantasy and Your Family by bestselling author Richard Abanes presents a much needed assessment of fantasy its benefits and its drawbacks Abanes begins with an in depth look at folklore myths legends and fairy tales and their connection to fantasy Part one also discusses issues involving child development the affects of literature on children and how those affects can ultimately change the course of society Additionally Abanes examines pop culture the media mass marketing and the commercialization of children s literature by corporations interested primarily in making money This volume then looks at the life of fantasy writer J R R Tolkien the popularity of his fantasy works their content and what separates them from other fantasy volumes such as Harry Potter by J K Rowling and the children s horror books by R L Stine A particularly interesting survey of Tolkien s The Lord of the Rings includes a thorough analysis of its storyline characters and morality These are compared side by side with Harry Potter Finally Abanes gives an overview of our culture s growing obsession with the occult paganism and witchcraft Why is it happening When did it begin How is it influencing today s youth All of these questions are answered through a concise easy to understand writing style Especially fascinating are the numerous sources of documentations that shows children are indeed being drawn to the occult via Harry Potter Included are dozens of quotes by Wiccans neopagans and occultists that clearly express their belief that Rowling s fantasy will do much to further witchcraft and the occult Amazon
