*Beginning postcolonialism* John McLeod, 2013-01-18 Postcolonialism has become one of the most exciting popular and stimulating fields of literary and cultural studies in recent years Yet the variety of approaches the range of debate and the critical vocabularies often used may make it challenging for new students to establish a firm foothold in this area *Beginning Postcolonialism* is a vital resource for those taking undergraduate courses in postcolonial studies for the first time and has become an established international best seller in the field In this fully revised and updated second edition John McLeod introduces the major areas of concern in a clear accessible and organised fashion He provides an overview of the emergence of postcolonialism as a discipline and closely examines its many established critical approaches while also exploring important recent initiatives in the field In particular *Beginning Postcolonialism* demonstrates how many key postcolonial ideas and concepts can be effectively applied when reading texts and enables students to develop their own independent thinking about the possibilities and pitfalls of postcolonial critique

Concepts of Home and Belonging in Postcolonial Literature Compared in the Novels "Small Island" by Andrea Levy and "White Teeth" by Zadie Smith Christina Heckmann, 2009 Seminar paper from the year 2006 in the subject English Language and Literature Studies Literature grade 2.00 University of Göttingen Seminar für Englische Philologie course Multiethnic Britain language English abstract 1 Introduction 1.1 Brief introduction to home and belonging as a general idea Home has a significant function in our lives Thinking of home we associate notions like shelter and comfort and when we come home we want to feel safe and welcome John McLeod argues in this sense that to be at home is to occupy a location where we are welcome where we can be with people very much like ourselves 1 We are looking for who we are where we come from and try to find our place in life When one is born in a country but moves to another where is one's home country then This question is hard to answer because migration is always a process which implies a struggle of identities When the 2nd generation is born in the host country where do they belong if the host country does not accept them as full members The term home is highly complicated in a complex and multicultural world like ours 1.2 Procedure and approach of my analyses I have centered my term paper on an attempt to identify and characterize the concepts of home and belonging in postcolonial literature Comparing how the idea of home and belonging is presented in the novels *White Teeth* by Zadie Smith and *Small Island* by Andrea Levy I have tried a text extrinsic approach Furthermore I have analysed the authors intentions with regard to the time of publication and the time of the narrative However the main aspect of my analyses is which concepts of home and belonging exist and which of

them can be found in the novels of my comparison I have chosen *White Teeth* because it is a novel that deals with the colonial past and the postcolonial present and I have selected *Small Island* because it is a novel that deals with migration in the past. *Small Island* is set at the beginning.

*The Postcolonial Novel* Richard Lane, 2006-07-21 Richard Lane explores the themes surrounding the postcolonial novel written in English

**The Postcolonial Indian Novel in English** Geetha Ganapathy-Doré, 2011-01-18 Indian writers of English such as G V Desani Salman Rushdie Amit Chaudhuri Amitav Ghosh Vikram Seth Allan Sealy Shashi Tharoor Arundhati Roy Vikram Chandra and Jhumpa Lahiri have taken the potentialities of the novel form to new heights. Against the background of the genre's macro history this study attempts to explain the stunning vitality, colourful diversity and the outstanding but sometimes controversial success of postcolonial Indian novels in the light of ongoing debates in postcolonial studies. It analyses the warp and woof of the novelistic text through a cross-sectional scrutiny of the issues of democracy, the poetics of space, the times of empire, nation and globalization, self-writing in the auto meta docu-fictional modes, the musical, pictorial, cinematic and culinary intertextualities that run through this hyperpalimpsestic practice and the politics of gender, caste and language that gives it an inimitable stamp. This concise and readable survey gives us intimations of a truly world literature as imagined by Francophone writers because the postcolonial Indian novel is a concrete illustration of how language, liberated from its exclusive pact with the nation, can enter into a dialogue with a vast polyphonic ensemble.

**Postcolonial Literature** Dave Gunning, 2013-09-05 Introduces postcolonial literary studies through close readings of a wide range of fiction and poetry. This guide places the literary works themselves at the centre of its discussions, examining how writers from Africa, Australasia, the Caribbean, Canada, Ireland and South Asia have engaged with the challenges that beset postcolonial societies. Dave Gunning discusses many of the most studied works of postcolonial literature from Chinua Achebe's *Things Fall Apart* to Salman Rushdie's *The Satanic Verses* as well as works by more recent writers like Chris Abani, Tahmima Anam and Shani Mootoo. Each chapter explores a key theme through drawing together works from various times and places. The book concludes with an extensive guide to further reading and tips on how to write about postcolonial literature successfully.

**Key Features:** Close analysis of texts including Sam Selvon's *The Lonely Londoners*, J M Coetzee's *Disgrace*, Roddy Doyle's *A Star Called Henry*, Shani Mootoo's *Cereus Blooms at Night*, Tsitsi Dangarembga's *Nervous Conditions*, Zadie Smith's *White Teeth*, Mohsin Hamid's *The Reluctant Fundamentalist*, Tahmima Anam's *A Golden Age*, Michael Ondaatje's *Anils Ghost* and Amitav Ghosh's *In an Antique Land* as well as poetry by Derek Walcott, Eavan Boland, Agha Shahid Ali, Chris Abani and others. Discusses important new themes in postcolonial literature including global Islam, postcolonial sexualities and the representation of military conflict. Includes a Chronology, a Guide to Further Reading and Tips on Writing about Postcolonial Literature.

**The Future of English in Asia** Michael O'Sullivan, David Huddart, Carmen Lee, 2015-10-05 This collection is unique in bringing together key thinkers on language and literature to discuss the future of English in Asia. Many of the contributors are themselves responsible for important sub

genres in English linguistics and literary studies and this collection gives them the opportunity to respond to each other directly. The different chapters also respond to different contemporary debates and emerging trends and discourses that are hugely important for the future of English language teaching in schools across Asia. This volume is also ground breaking in bringing English literary studies and Applied English Linguistics together in the contemporary Asian context. *The Future of English in Asia* includes studies on the following subject areas: Cultural Translation in World Englishes, Multilingual Education, English Futures and the function of Literature, English Literary Studies in Japan and English and Social Media in Asia. Well into this century it appears that it is still very difficult to know what to expect when it comes to the future of English. The future of English will continue to be determined by complex local contexts. As it has in other parts of the world, the future of English in Asia will continue to rely on the proliferation of its transformations as much as its hegemonic status. This volume reflects the widespread acknowledgement that whatever future English has will inevitably be shaped by its fate in Asia. The collection will be a welcome resource for scholars and students of English linguistics, English literary studies and topics related to the teaching of English in Asia.

**Varieties of friendship** Bernadette Descharmes, Eric Anton Heuser, Caroline Krüger, Thomas Loy, 2011-05-18. Nahbeziehungen die über familiäre und verwandtschaftliche Bindungen hinausgehen haben sich zu einem vielbeachteten Thema interdisziplinärer Forschung entwickelt. Beziehungen wie Freundschaft, Patronage und soziale Netzwerke als Variationen sozialer Bindungen sind das Ergebnis unterschiedlicher historischer wie kultureller Kontexte und stellen deshalb einen wesentlichen aber immer noch unterrepräsentierten Gegenstand interdisziplinären Forschens dar. Fragen nach sich verändernden Freundschaftssemantiken, historischen und interkulturellen bzw. politischen Praktiken von Freundschaft, Patronage und Loyalität standen im Mittelpunkt einer internationalen Tagung, die eine kritische Diskussion und Neubewertung von Werten und Normen, die z. B. Freundschaft in verschiedenen Kulturen und historischen Epochen konstituieren sowie der sozialen Umstände, die diese Nahbeziehungen bedingen, vorgenommen hat. Aspekte wie Konstitution und Repräsentation von Körper und Gender und das Entstehen von Vertrauen und Betrug waren dabei ebenso von Interesse wie die kulturell und historisch unterschiedliche Praxis und Semantik von Freundschaft und Patronage sowie deren jeweilige Wahrnehmung in Abhängigkeit von ihrer gesellschaftlichen Situation in verschiedenen sozialen und historischen Kontexten. Die Ergebnisse dieser Tagung werden nun im vorliegenden Band präsentiert.

*British culture after empire* Josh Doble, Liam Liburd, Emma Parker, 2023-03-14. *British culture after Empire* is the first collection of its kind to explore the intertwined social, cultural and political aftermath of empire in Britain from 1945 up to and beyond the Brexit referendum of 2016, combining approaches from the fields of history, English and cultural studies. Against those who would deny, downplay or attempt to forget Britain's imperial legacy, the various contributions expose and explore how the British Empire and the consequences of its end continue to shape Britain at the local, national and international level. As an important and urgent intervention in a field of increasing relevance within and beyond the academy, the book offers fresh perspectives.
