Sure, I know you've heard it all before: just pick the right niche, write good articles, sprinkle affiliate links everywhere, and you are sure to make a profit. Well, here I got news for you: That's NOT what the big money bloggers are doing. Though that's not to say there isn't some truth in putting affiliate links in your blog, but just sprinkling them around and hoping someone clicks on them is the wrong strategy entirely. Thus, this book aims to reveal to you exactly what the big money bloggers really do, which is exactly what I do. Make no mistake about it: most who get into blogging are totally clueless in the area of monetization and fail to make their blogs profitable. And since that is the reality of things, your competition is low if you do things right the way I illustrate in this book. In fact, you'll never need to pick up another blogging book again after this book is through with you because you'll know exactly what you need to do to monetize your blog. Trust me on this: this book is the best blogging book you will ever read on blogging, and it will show you a very true, very straight-forward map to ensuring that you get paid from your blog. The only way you can fail is by not implementing the method that I teach, so be sure to not just read this book passively and actually implement the method that I'm teaching you, as I'm absolutely certain that it will take your blog to the next level.
