Best Feminist S:

We Were Feminists Once Andi Zeisler, 2016-05-03 Feminism has hit the big time Once a dirty word brushed away with a grimace feminist has been rebranded as a shiny label sported by movie and pop stars fashion designers and multi hyphenate powerhouses like Beyonc It drives advertising and marketing campaigns for everything from wireless plans to underwear to perfume presenting what s long been a movement for social justice as just another consumer choice in a vast market Individual self actualization is the goal shopping more often than not the means and celebrities the mouthpieces But what does it mean when social change becomes a brand identity Feminism s splashy arrival at the center of today s media and pop culture marketplace after all hasn t offered solutions to the movement s unfinished business Planned Parenthood is under sustained attack women are still paid 77 percent or less of the man s dollar and vicious attacks on women both on and offline are utterly routine Andi Zeisler a founding editor of Bitch Media draws on more than twenty years experience interpreting popular culture in this biting history of how feminism has been co opted watered down and turned into a gyratory media trend Surveying movies television advertising fashion and more Zeisler reveals a media landscape brimming with the language of empowerment but offering little in the way of transformational change Witty fearless and unflinching We Were Feminists Once is the story of how we let this happen and how we can amplify feminism s real purpose and power

Feminist Interpretations of Aristotle Cynthia A. Freeland, 2010-11-01 Aristotle still influences our abstract thinking our search for principles and our reflections on virtue nature essence and sexual difference Feminists here concede that they too philosophize within the tradition founded by the ancient Greeks The contributors to this volume enter into new creative and subtle dimensions of inquiry about Aristotle from a broader feminist perspective

No Good Deed Goes Unpunished Eli Maxwell, 2022-11-03 This journal is a few hundred pages of unpopular opinion I wrote this ball of rage between 2014 2016 and I planned to give to my gender studies professor after I took her class When I left her class I noticed that there s a lot of misleading information about people that disagree with feminists and feminism and this book will help demystify some of those notions I may have written this book for her but I believe it can help others as well The 1st group of people that this book will help are people that don t like feminists and feminism you ll agree with almost everything I have to say trust me you re not alone This book is full of red pills you re going to love it The 2nd group of people are people that are on the fence about feminists Yeah feminists may have told you the dictionary definition of feminism and you might have heard some things about the feminist movement but you re still not quite sure what to make of them I think you will gain the most from what I went through I will show you the tactics some feminists use to get what they want These are all things you should know before you engage with any feminist The 3rd group of people are the people that don t understand why so many people have such hard opinions on feminism and feminists Hopefully this book will help you understand were the first group of people are coming from I use jokes satire and personal experiences to bring levity to this hot topic issue I don t want to tell you what to

think I want to show you what I went through so you can make up your own mind and even if you disagree with me I hope you enjoy the ride Now onto the 4th group these are the feminists that are vexed and can't figure out why so many people dislike feminism and why feminists can't crack 18 percent of the population I think you will benefit the most from what I have to say I'm not going to berate you or attack you I'm just going to make my claims on why I disagree with your dogmatic ideology and hopefully you can respect that I really want you to understand where I'm coming from and maybe we can build a bridge from there Now on to the big mama of them all the 5th group if you are the type of feminist that believes everything is sexist and everything is racist and every man is a misogynist Put this book down you are going to have a bad time I deconstruct almost everything you believe in with ruthless and logical precision and I know for a fact that this book is going to trigger you into oblivion Hell you might even do something crazy like set this book on fire and I don't want to see my book set a blaze So save your money save your time and continue to smash the patriarchy But to the other 4 out of 5 of you crack open a beer or pour a glass of wine and enjoy my descent into madness
