**Burma** Jon Latimer,2004 Burma Jon Latimer,2004 Through festering jungle and across burning plains to high mountains and lazy rivers the Burma campaign of the Second World War involved the longest retreat in British history and the longest advance long range penetration miles behind enemy lines vicious hand to hand fighting and the horrors of forced labour Yet this strange war remains utterly fascinating with singular characters like Slim Mountbatten Stilwell and Wingate while dominated by ordinary soldiers that it gathered to itself like a whirlpool men from the ends of the earth from Britain America Canada Australia New Zealand West East and South Africa but overwhelmingly from India Dogras Sikhs Punjabis Kumaonis Madrassis and Nepalese representing every race and caste on the subcontinent were all far from home all fighting for survival against a ruthless enemy prepared to die for his emperor while the Burmese fought for their independence Jon Latimer draws these disparate strands together in a gripping narrative to describe the operations and the politics that shaped them while illustrating the experiences of thousands of ordinary people whose lives were caught up and transformed by this south east Asian maelstrom many of whom feel that like Fourteenth Army they were forgotten This book ensures that none of them are Burma Ernest William Elliott,2006 Two soldiers one British Harry the other Japanese Tomomi and although bitter enemies share another enemy the Burmese jungles We follow them from early 1942 where they first come into contact at Sittang Bridge Tomomi is captured by Harry but Nay Mynt a Burman who hates the British rescues him Tomomi vows to kill Harry and eventually they meet face to face at Kohima On March 1945 Harry s wife Joan perishes at Smithfield Meat Market by the last Rocket to be launched from Holland On August 6 1945 Tomomi s wife Nui goes to Hiroshima to collect Tomomi s posthumously awarded medals At 8pm an airplane appears overhead Nui notices an object leaving its belly It s the last thing she will ever see *Burma Victory* ,1993 Forgotten War Brian E. Walter,2023-12-31 A new assessment of the British and Commonwealth contribution to the defeat of Japan in the Pacific The monumental struggle fought against Imperial Japan in the Asia Pacific theater during World War II is primarily viewed as an American affair While the United States did play a dominant role the British and Commonwealth forces also made major contributions on land at sea and in the air eventually involving over a million men and vast armadas of ships and aircraft It was a difficult and often desperate conflict fought against a skilled and ruthless enemy that initially saw the British suffer the worst series of defeats ever to befall their armed forces Still the British persevered and slowly turned the tables on their Japanese antagonists Fighting over an immense area that stretched from India in the west to the Solomon Islands in the east and Australia in the south to the waters off Japan in the north British and Commonwealth forces eventually scored a string of stirring victories that avenged their earlier defeats and helped facilitate the demise of the Japanese Empire Often overlooked by history this substantial war effort is fully explored in *Forgotten War* Meticulously researched the book provides a complete balanced and detailed account of the role that British and Commonwealth forces played on land sea and in the air during this crucial

struggle It also provides unique analysis regarding the effectiveness and relevance of this collective effort and the contributions it made to the overall Allied victory

*Building the Tatmadaw* Maung Aung Myoe,2009-01-22 Ever since Myanmar regained her independence in January 1948 the Tatmadaw Myanmar Armed Forces has been crucial in restoring and maintaining law and order It is one of the most important institutions in Myanmar politics Various aspects of the Tatmadaw have been studied The most notable area of study has been the political role of the military This study looks at the organizational development of the Myanmar armed forces It analyses four different aspects of the Tatmadaw military doctrine and strategy organization and force structure armament and force modernization and military training and officer education It sets out security perceptions and policies charting developments in each phase against the situation at the time and also notes the contributions of the leading actors in the process Since early 1990s the Tatmadaw has implemented a force modernization programme This work studies rationales and strategy behind the force modernization programme and examines the military capabilities of the Tatmadaw Drawing extensively from archival sources and existing literature this empirically grounded research argues that while the internal armed security threat to the state continues to play an important role it is the external security threat that gives more weight to the expansion and modernization of the Tatmadaw since 1988 It also argues that despite its imperfections the Tatmadaw has transformed from a force essentially for counter insurgency operations into a force capable of fighting in limited conventional warfare
